

CURRICULUM VITAE

Name: Anthony S. Fauci, M.D.

Place of Birth: Brooklyn, New York

Citizenship: United States

Marital Status: Married to Christine Grady, R.N., M.S., Ph.D.

Children: Jennifer Ellen, born August 14, 1986
Megan Elizabeth, born March 16, 1989
Alison Christine, born April 19, 1992

Education: 1962 - A.B., College of the Holy Cross
1966 - M.D., Cornell University Medical College

Brief Chronology of Employment:

- 2023 – present – Distinguished University Professor,
Georgetown University School of Medicine
Department of Medicine, Division of Infectious Diseases
Georgetown University McCourt School of Public Policy
- 2021-2022 - Chief Medical Advisor to President Joe Biden
- 1984-2022 - Director, National Institute of Allergy and Infectious Diseases (NIAID),
National Institutes of Health (NIH), Bethesda, Maryland
- 1980-2022 - Chief, Laboratory of Immunoregulation, NIAID
- 1988-1994 - Director, Office of AIDS Research, NIH, and Associate Director of NIH
for AIDS Research
- 1977-1984 - Deputy Clinical Director, NIAID
- 1974-1980 - Head, Clinical Physiology Section, Laboratory of Clinical Investigation,
NIAID
- 1972-1974 - Senior Investigator, Laboratory of Clinical Investigation, NIAID
- 1971-1972 - Chief Resident, Department of Medicine, New York Hospital Cornell
Medical Center; Instructor in Medicine, Cornell Medical College
- 1970-1971 - Senior Staff Fellow, Laboratory of Clinical Investigation, NIAID
- 1968-1970 - Clinical Associate, Laboratory of Clinical Investigation, NIAID
- 1967-1968 - Assistant Resident, Department of Medicine, New York Hospital-
Cornell Medical Center
- 1966-1967 - Intern, Department of Medicine, New York Hospital-Cornell Medical
Center

Adjunct Appointments:

- 1985-1989 - Clinical Professor, George Washington University School of Medicine
and Health Sciences, Washington, DC

1984-1989 - Clinical Professor, Department of Medicine, Division of Rheumatology, Immunology, and Allergy, Georgetown University School of Medicine, Washington, DC

Board Certification:

American Board of Internal Medicine - June 21, 1972
 American Board of Allergy and Immunology - March 1, 1974
 American Board of Infectious Diseases - October 15, 1974

Military Service:

U. S. Public Health Service, July 1968-June 1970; July 1972-August 1996

Societies and Organizations:

American Federation for Clinical Research
 Fellow, American Association for the Advancement of Science
 American Association of Immunologists
 American Medical Association
 Fellow, American Academy of Allergy
 Infectious Diseases Society of America
 American Society for Clinical Investigation
 Fellow of the American College of Physicians
 Association of American Physicians
 Collegium Internationale Allergologicum, 1983-1996
 Charter Member, Clinical Immunology Society
 International AIDS Society
 Member, the Institute of Medicine (National Academy of Medicine) of the National Academy of Sciences (USA)
 American Society for Virology
 American Society for Cell Biology
 Fellow, American Academy of Arts and Sciences
 Foreign Member, Royal Danish Academy of Sciences and Letters
 Member, National Academy of Sciences (USA)
 Foreign Member, Royal Academy of Medicine of Barcelona
 Fellow, American Academy of Microbiology
 Honorary Membership, International AIDS Society
 American Philosophical Society
 Member, The Robert Koch Foundation
 Member, Council on Foreign Relations

Advisory Boards, Scientific Advisory Groups, Boards of Trustees, and other Committees:

Chairman, Allergy and Immunology Committee, MKSAP V, American College Physicians
 Advisory Panel, the American Board of Medical Laboratory Immunology
 Member, Committee on Clinical Immunology and Immunopathology, American Association of Immunologists, 1980-1985
 Representative of American Association of Immunologists to the Examinations Committee of the American Board of Allergy and Immunology, 1981-present
 Postgraduate Education Committee, American Academy of Allergy, 1979-1982
 Member, NIAID Study Group on Immunology, 1980
 Member, Section on Physiology in Clinical Science of the American Physiological Society, 1980-1984

Member, Subcommittee on the Classification of Vasculitis, American Rheumatism Association, 1980-present

Ad Hoc Committee, The National Foundation for Infectious Diseases, 1980-present

Subcommittee on Clinical Sciences, Publications Committee, American Physiological Society, 1980-1984

Program Chairman, American Association of Immunologists, 1982-1985

Member, NIAID Working Group for AIDS, 1982-present

Member, American Federation for Clinical Research President's Public Policy Advisory Committee, 1983-present

Participant in the USA - People's Republic of China Immunology Cooperative Agreement, August 10-22, 1983, Beijing and Shanghai, People's Republic of China

Member, Scientific Advisory Board, Medical Biology Institute, La Jolla, CA, 1983-1984

Participant in the USA-Japan Eye Immunology Advisory Conference, November 27 to December 1, 1983, Honolulu, HI

Board of Directors, American Board of Allergy and Immunology, 1984-present

Chairman, National Advisory Allergy and Infectious Diseases Council of the National Institutes of Health, 1984-present

Member, External Advisory Committee, Multipurpose Arthritis Center, Duke University Medical Center, 1984-present

Member, Honorary Advisory Board, Italian-American Medical Association, 1984-present

Member, Peripatetic Club, 1984-present

Ex Officio Member, National Diabetes Advisory Board, 1984-present

Ex Officio Member, National Digestive Diseases Advisory Board, 1984-present

Chairman, Search Committee for Director, National Institute of Child Health and Human Development, 1984

Member, Department of Health and Human Services Task Force on Alzheimer's Disease

Albert Lasker Medical Research Award Jury, 1985-1986

Deputy Ethics Counselor, Department of Health and Human Services, 1985-present

Member, Department of Health and Human Services Committee to Coordinate Environmental and Related Programs, 1985-present

Member, Scientific Organizing Committee, Joint Meeting of the Italian Society of Immunology and Immunopathology - National Institutes of Health on "Human Lymphocyte Activation," Florence, Italy, September 5-7, 1985

Member, United States Delegation to the United States - Japan Cooperative Medical Science Committee, 1985-present

Member, U.S. Public Health Service AIDS Executive Task Force, 1985-1994

Chairman, NIH AIDS Executive Task Force, 1985-1994

Coordinator, NIH AIDS Research, 1985-1994

Member, PHS AIDS Executive Committee, 1984-1994

Co-Chairman, Subgroup on Therapeutic Intervention of the PHS AIDS Executive Committee, 1986-1994

Co-Chairman, Subgroup on Vaccine of the PHS AIDS Executive Committee, 1986-1994

Member, Scientific Seminar Subcommittee, National Institutes of Health Centennial Program, 1985-1987

Member, Scientific Organizing Committee, International Conference on Lymphocyte Activation and Immune Regulation, Newport Beach, CA, February 28 - March 2, 1986

Member, Planning Committee, Clinical Immunology Society, 1986

Member, International Advisory Committee, International Conference on AIDS, Paris, France, June 23-25, 1986

Member, Advisory Group, Institut Scientifique Roussel-Uclaf, 1987-1989

Ex Officio Member, National Kidney and Urologic Diseases Advisory Board, 1987-present
 Member, International Programme Committee, 8th International Congress of Immunology, Budapest, Hungary, 1987
 Member, NIH Resource Allocation Group, 1987-1989
 Member, International Advisory Committee, IVth International Conference on AIDS, Stockholm, Sweden, June 12-16, 1988
 Member, Committee for the Coordination of Research Programs on the Acquired Immunodeficiency Syndrome of the Ministry of Health of Italy, 1988-present
 Institute of Medicine Roundtable for the Development of Drugs and Vaccines Against AIDS, 1989-1994
 Member, International Program Committee, VIth International Conference on AIDS, San Francisco, California, 1990
 Member, Governing Council, International AIDS Society, 1990-present
 Member, Selection Committee for the National Public Service Awards, 1990
 Member, Scientific Review Committee, VII International Conference on AIDS, Florence, Italy, June 16-21, 1991
 Member, Scientific Program Committee, VIII International Conference on AIDS, Amsterdam, The Netherlands, July 19-24, 1992
 Member, International Programme Committee, IXth International Conference on AIDS, Berlin, Germany, June 6-11, 1993
 Member, Scientific Advisory Board, Conference on Retroviruses and Opportunistic Infections, 1993-present
 Member, International Steering Committee, Tenth International Conference on AIDS, Yokohama, Japan, August 7-12, 1994
 Member, American Medical Writers Association, 1996-present
 Co-Chairman, Panel of Clinical Practices for the Treatment of HIV Infection, 1996-present
 Member, Communicable Diseases Advisory Council of the Department of Health and Human Services, 2000-present
 Member, NIH Facilities Planning Advisory Committee, 2000-present
 Member, Search Committee, Position of Deputy Director for Public Health Science, Centers for Disease Control and Prevention, 2004
 Member, NIH Scientific Management Review Board, 2008-2016
 Member, NIH-FDA Leadership Council, 2010-present
 Member, UNAIDS and *Lancet* Commission on “Defeating AIDS – Advancing Global Health”, 2014-2015
 Member, United Nations Global Health Task Force, 2016-2017
 Member, *Lancet* Commission on Tuberculosis, 2017-2018
 Member, Global Preparedness Monitoring Board (WHO and World Bank), 2019 – present
 Member, White House Coronavirus Task Force, 2020
 Member, National Academy of Medicine’s (NAM) Gustav O. Lienhard Award Selection Committee, 2021
 Member, White House COVID Response Team, 2021-2022
 Board of Trustees, The Doris Duke Foundation, 1996 – present; Vice Chair, 2012-present
 Member, Scientific Advisory Board, The Institute for Global Health Research, The Rockefeller University, 2023 - present
 Member, Scientific Advisory Group, Vaccine Company, Inc., 2023 - present

Offices Held:

Councillor, Eastern Section, American Federation for Clinical Research, 1977

National Councillor, American Federation for Clinical Research, 1978-1979
 President-elect, American Federation for Clinical Research, 1979-1980
 President, American Federation for Clinical Research, 1980-1981
 Recorder, Association of American Physicians, 1988-1993
 Councillor, Association of American Physicians, 1993-1998
 Vice-President, Association of American Physicians, 1998-1999
 President, Association of American Physicians, 1999-2000
 Council Member, Institute of Medicine of the National Academy of Sciences, 1997-2003

Editorial Boards:

Editorial Board, The Journal of Immunopharmacology, 1978
 Associate Editor, The Journal of Immunology, 1979
 Section Head of Editorial Board, Clinical Immunology, The Journal of Immunology, 1979-1983
 Associate Editor (Allergy and Immunology), The American Journal of Medicine, 1979-1990
 Editorial Board, The Journal of Clinical Investigation, 1979-1984
 Editorial Board, The American College of Physicians Audio Cassette Program, 1979
 Editorial Board, The Journal of Clinical Immunology, 1979-1983
 Editorial Board, Human Lymphocyte Differentiation, 1980-1984
 Editorial Board, Clinics in Immunology and Allergy, 1980-1986
 Editor, Advances in Host Defense Mechanisms, 1980
 Editorial Board, EOS, 1981
 Editorial Board, Journal of Infectious Diseases, 1982-1985
 Editorial Board, Annals of Allergy, 1982-1985
 Editorial Board, Clinical and Experimental Rheumatology, 1983-1987
 Editorial Advisory Council, La Ricerca in Clinica e in Laboratorio, 1983
 International Scientific Committee, Immunologia Clinica e Sperimentale, 1982-1989
 Editorial Board, Clinical Immunology and Immunopathology, 1983-1987
 Advisory Board, Clinical Immunology and Immunopathology, 1988-1998
 Advisory Board, Journal of Clinical Immunology, 1984
 Editorial Board, Physicians' Journal Update, 1983-1989
 Editorial Board, Cellular Immunology, 1983-1996
 Consulting Editor for North America, Thymus, 1984-1991
 Editorial Board, Immunopharmacology, 1984-1995
 Editorial Board, The Journal of Molecular and Cellular Immunology, 1984-1986
 Associate Editor, Current Therapy in Internal Medicine, 1984
 Editor, Current Therapy in Allergy and Immunology, 1984
 Editor, Current Therapy in Allergy, Immunology and Rheumatology, 1985
 Editor, Harrison's Principles of Internal Medicine, 1984
 Associate Editor, Journal of Acquired Immunodeficiency Syndromes and Human Retrovirology, 1986
 Advisory Board, Clinical Immunology Newsletter, 1986-1989
 Editorial Board, AIDS Research and Human Retroviruses, 1986
 Editorial Board, AIDS Patient Care, 1987-1990
 Editor, Harrison's Principles of Internal Medicine - Companion Handbook, 1987
 Editorial Advisory Board, Immunopharmacology and Immunotoxicology, 1989
 Editorial Advisory Board, Journal of NIH Research, 1989-1997
 Associate Editor, AIDS, Etiology, Diagnosis, Treatment, and Prevention, 3rd Edition,

J. B. Lipincott, 1991
 Advisory Editor, The Journal of Experimental Medicine, 1991-1993
 Editorial Board, The New England Journal of Medicine, 1992-1996
 Editorial Board, J. Biomedical Science, 1993
 Editorial Board, Immunity, 1994-2005
 Editorial Board, Molecular Medicine, 1994
 Editorial Board, Proceedings of the Association of American Physicians, 1995
 Editorial Board, The FASEB Journal, 1996-1999
 Editorial Board, Proceedings of the National Academy of Sciences (USA), 1997-2002
 Editorial Board, The Journal of Human Virology, 1997-2002
 Board of Consulting Editors, The Journal of Clinical Investigation, 1998

Patents Held:

Patent Number – 9193790
 Title – Use of antagonists of the interaction between HIV gp120 and $\alpha 4\beta 7$ integrin
 Issue Date – 11/24/2015

Major Visiting Professorships (Recorded only from 1978 to present):

Visiting Professor - University of Kansas Medical Center, 1978
 Visiting Professor - University of Cincinnati Medical Center, November 18-19, 1980
 Visiting Professor - Henry Ford Hospital, Detroit, MI, January 14-16, 1981
 Visiting Professor - University of Florida Medical Center, Gainesville, FL, January 28-29, 1981
 Visiting Professor - University of Pennsylvania School of Medicine, February 25-27, 1981
 Visiting Professor - Hahnemann Medical Center, Philadelphia, PA, May 21, 1981
 The Paul B. Beeson Visiting Professorship, Yale University School of Medicine,
 January 27-29, 1982
 Visiting Professor - University of Michigan Medical Center, March 31-April 2, 1982
 Visiting Professor - University of Colorado, September 21-22, 1982
 Visiting Professor - Tufts-New England Medical Center, March 24-25, 1983
 The John S. Lawrence Visiting Professor of Medicine - University of California, Los Angeles, Medical
 Center, January 23-28, 1984
 The Irwin H. and Martha L. Lepow Visiting Professorship - The University of Connecticut School of
 Medicine, April 9-11, 1984
 Visiting Professor, Department of Medicine, Tufts-New England Medical Center, Boston, MA,
 September 20-21, 1984
 Visiting Professor - Baylor University Medical Center, Houston, TX, December 6-7, 1984
 George Thorn Visiting Professor - Brigham and Women's Hospital and Harvard Medical School,
 Boston, MA, May 17, 1985
 The Leo H. Crip, M.D. Visiting Professorship - Montefiore Hospital, University of Pittsburgh School
 of Medicine, Pittsburgh, PA, April 2-3, 1986
 The Ninth Annual Golan Visiting Professorship - Department of Pediatrics, North Shore University
 Hospital, Manhasset, NY, May 21, 1986
 The Seventh Annual Visiting Professorship of the Division of Geographic Medicine, Case
 Western Reserve University Medical Center, Cleveland, OH, October 8-9, 1986
 The First Annual E. Ross Kyger, Jr., M.D. Visiting Professorship, Department of Medicine, The
 University of Pennsylvania Medical Center, Philadelphia, PA, May 13-15, 1987

The Woodward Visiting Professorship, Department of Medicine, Memorial Sloan-Kettering Cancer Center, New York, NY, May 26-28, 1987

The Mr. and Mrs. I. G. Bromberg Visiting Professorship of the Department of Medicine of the University of Texas at Dallas Health Science Center, Southwestern Medical Center, Dallas, TX, November 15-17, 1988

The Walter K. Myers Visiting Professor, The Washington Hospital Center, Washington, DC, November 29, 1989

The Sulkin Visiting Professorship, The University of Texas Southwestern Medical Center, Dallas, TX, Jan. 5-6, 1998

The Lloyd H. Smith, Jr. Visiting Professor of Medicine, The University of California, San Francisco Department of Medicine, San Francisco, CA, May 10-12, 2000

The Frederic M. Hanes Visiting Professor, Center for AIDS Research, Duke University Medical Center, Durham, NC, October 11, 2000

The Burroughs Wellcome Fund Visiting Professorship, Morehouse School of Medicine, Atlanta, GA, Sept. 16, 2002

Visiting Professor, Albany Medical College, Albany, NY, December 5-6, 2002

Visiting Professorship in Medicine and Global Health, Duke University Medical Center, Durham, NC, April 17, 2006

Bulfinch Visiting Professor of Medicine, Massachusetts General Hospital, January 27-28, 2010, Boston, MA

Visiting Professor, The Johns Hopkins School of Medicine, Baltimore, MD, March 11, 2015

The John Morgan Visiting Professorship, University of Pennsylvania Perelman School of Medicine, Department of Medicine, February 22, 2019, Philadelphia, PA

The Ralph Nachman Visiting Professorship, Department of Medicine, Weill Cornell Medicine, March 29, 2023, New York, NY

Major Named or Invited Lectureships (Recorded only from 1978 to present):

Stanislaus H. Jaros Memorial Lecture to the American Association for Clinical Immunology and Allergy, "Clinical Usage of Corticosteroids," 1978

Invited Symposium Speaker, National Meeting of the American Association of Immunologists, "Immunoregulation in Autoimmunity," Dallas, TX, March 1979

Wilson Award Lectureship, University of Rochester Medical Center, September 20, 1979

Distinguished Visiting Lectureship, Ontario Regional Meeting of the Royal College of Physicians and Surgeons of Canada, "The Clinical Spectrum of Vasculitis," October 23, 1980

State of the Art Lectureship, Annual Meeting of the Midwestern Section of the American Federation for Clinical Research, "Immunoregulation in Autoimmunity," Chicago, IL, November 6, 1980

Presidential Address, National Meeting of the American Federation for Clinical Research, San Francisco, CA, April 26, 1981

First Annual Chief's Lecture, Maryland General Hospital, "The Clinical Spectrum of Vasculitis," May 12, 1981

Wadsworth Memorial Lecture, Rush-Presbyterian - St Luke's Medical Center, Rush Medical College, "Mechanisms of Corticosteroid Action on Human Immune Function," May 26, 1981

Scientific Workshop Chairman, National Meeting of the American Rheumatism Association, "Mechanisms of Immunoregulation," Boston, MA, June 4, 1981

Invited Symposium Speaker, Annual Meeting of the Infectious Diseases Society of America, "Human B Lymphocyte Function: Cell Triggering and Immunoregulation," Chicago, IL, November 3, 1981

Invited Symposium Speaker, Annual Meeting of the Midwest Society for Pediatric Research, "Immunosuppression: Drugs and Mechanisms," Detroit, MI, November 4, 1981

The Paul B. Beeson Lecture, Yale University School of Medicine, "Human B Lymphocyte Function: Activation and Immunoregulation in Normal and Disease States," January 27, 1982

Scientific Workshop Chairman and Plenary Lecturer, VIII Pan American Congress of Rheumatology, "Immunoregulation" Washington, DC, June 11, 1982

Invited Plenary Speaker, 14th Symposium of the Collegium Internationale Allergologicum, "Activation and Immunoregulation of Human B Lymphocyte Function: Implications in Normal and Disease States," Sorrento, Italy, October 12, 1982

Invited Lecturer, American Society of Hematology National Meeting, "The Influences of Immunoregulatory T Cells on Human B Cell Function," Washington, DC, December 4, 1982

State of the Art Lecture, American Society of Nephrology National Meeting, "The Clinical Spectrum of Vasculitis," Chicago, IL, December 13, 1982

Chairman, Scientific Workshop, 15th International Leukocyte Culture Conference, "B Cell Activation and Ontogeny," Asilomar, CA, December 5-10, 1982

Symposium Chairman, 15th International Leukocyte Culture Conference, "Lymphocyte Growth and Differentiation," Asilomar, CA, December 5-10, 1982

The Thomas Dent Mütter Lecture, The College of Physicians of Philadelphia, "The Acquired Immune Deficiency Syndrome," Philadelphia, PA, February 2, 1983

Visiting Lectureship, Scripps Clinic and Research Foundation, "Activation and Immunoregulation of Human B Lymphocyte Responses," La Jolla, CA, February 7, 1983

Invited Symposium Speaker, Annual Meeting of the American Association of Immunologists, "Activation, Proliferation, and Differentiation of Human B Lymphocytes: Models for Normal and Autoimmune States," Chicago, IL, April 13, 1983

Invited Symposium Speaker, 5th International Meeting of the International Society for Sexually Transmitted Disease Research, "The Immunology of AIDS," Seattle, WA, August 1, 1983

Invited Symposium Speaker, 5th International Congress of Immunology, "Activation and Immunoregulation of Human B Lymphocyte Responses," Kyoto, Japan, August 23, 1983

The Stanhope Bayne-Jones Memorial Lectureship of The Johns Hopkins University School of Medicine - 1983-1984, "The Acquired Immune Deficiency Syndrome (AIDS): Epidemiologic, Clinical, and Immunologic Considerations," Baltimore, MD, September 17, 1983

Invited Symposium Speaker, Infectious Diseases Society of America National Meeting, "Immune Defects in AIDS," Las Vegas, NV, October 7, 1983

Invited Symposium Speaker, 17th Annual Congress of the American Association of Clinical Immunology and Allergy, "The Acquired Immunodeficiency Syndrome," Orlando, FL, October 31, 1983

Invited Symposium Speaker, The New York Academy of Sciences Conferences on Acquired Immune Deficiency Syndrome (AIDS), "Immunological Defects in AIDS," New York, NY, November 14, 1983

The John S. Lawrence Lecture, University of California, Los Angeles Medical Center, "Activation and Immunoregulation of Human B Lymphocyte Responses: Implications in Normal and Disease States," Los Angeles, CA, January 25, 1984

Invited Symposium Speaker, UCLA Symposium on Acquired Immune Deficiency Syndrome, "Immunological Abnormalities in the Acquired Immunodeficiency Syndrome," Park City, UT, February 6, 1984

Invited Lecturer, Biochemistry Society, "The Acquired Immunodeficiency Syndrome: Epidemiologic, Clinical, and Immunological Considerations," University of Rochester, Rochester, NY, February 20, 1984

The Robert A. Cooke, MD, Memorial Lecture, The American Academy of Allergy 40th Annual Meeting, "The Acquired Immunodeficiency Syndrome," Chicago, IL, March 4, 1984

Invited Symposium Speaker, Annual Meeting of the American Society for Microbiology, "Immunology of the Acquired Immunodeficiency," St. Louis, MO, March 5, 1984

Invited Symposium Speaker, Annual Meeting of the American Association of Pathologists, "Immunological Abnormalities in the Acquired Immunodeficiency Syndrome," St Louis, MO, April 2, 1984

The Irwin H. and Martha L. Lepow Lectureship, The University of Connecticut School of Medicine, "Mechanisms of Regulation of Human Immune Responses," Framington, CT, April 11, 1984

Invited Panel Discussion Leader, 65th Annual Session of the American College of Physicians, "The Acquired Immunodeficiency Syndrome," Atlanta, GA, April 26, 1984

Invited Professor, Meet the Professor Program, 65th Annual Session of the American College of Physicians, "The Acquired Immunodeficiency Syndrome" and "The Clinical Spectrum of Vasculitis," Atlanta, GA, April 26-27, 1984

20th Annual Harold G. Pritzger Memorial Lecture, University of Toronto and the Academy of Medicine of Toronto, "The Acquired Immunodeficiency Syndrome," Toronto, Canada, April 30, 1984

Invited Plenary Session Speaker, American Federation for Clinical Research National Meeting, Frontiers of Science Symposium, "The Acquired Immunodeficiency Syndrome: Immunological Considerations," Washington, DC, May 6, 1984

Annual Morgagni Medical Society Lecture of the New York Academy of Medicine, "The Acquired Immunodeficiency Syndrome," New York, NY, May 23, 1984

Chairman, Minisymposium on Disorders of Immune Regulation in Man, 66th Annual Meeting of the American Association of Immunologists, St. Louis, MO, June 27, 1984

The Taft B. Schreiber Lecture at the Cedars-Sinai Hospital, "The Acquired Immunodeficiency Syndrome: Epidemiologic, Clinical, Immunologic, and Therapeutic Considerations," Los Angeles, CA, June 27, 1984

Invited Symposium Speaker, 16th International Leucocyte Culture Conference, "The Human B Cell Cycle: Activation, Proliferation, and Differentiation," Cambridge, England, August 21, 1984

Invited Symposium Speaker, 6th European Congress of Immunology, "Immunological Abnormalities in AIDS," Interlaken, Switzerland, September 6, 1984

Invited Symposium Speaker, Fundamental Aspects of Rheumatology Symposium, "Lessons from AIDS," Stockholm, Sweden, September 11, 1984

Invited Symposium Speaker, 10th International Conference on Sarcoidosis and Other Granulomatous Disorders, "Regulation of the Human Immune Response: Implications in Normal and Disease States," Baltimore, MD, September 18, 1984

Invited Symposium Speaker, Second International Workshop on Human Leukocyte Differentiation Antigens, "B Cell Growth, Differentiation, and Function," Boston, MA, September 19, 1984

Invited Symposium Speaker, the Interscience Conference on Antimicrobial Agents and Chemotherapy, "The Effect of HTLV-III on the Immune System," Washington, DC, October 10, 1984

Invited Plenary Lecturer, the Infectious Diseases Society of America, "Immunological Abnormalities in AIDS," Washington, DC, October 12, 1984

State-of-the-Art Lecturer, American College of Physicians Southeastern States Scientific Meeting, "Vasculitis," New Orleans, LA, November 1, 1984

Moderator, Panel on Acquired Immunodeficiency Syndrome - An Update," American College of Physicians Southeastern States Scientific Meeting, New Orleans, LA, November 1, 1984

Invited Symposium Speaker, The 2nd William B. Castle Symposium on Advances in Hematology, "Acquired Immunodeficiency Syndrome -An Update," Boston, MA, November 2, 1984

- Invited Symposium Speaker, The Fourth International Symposium on Hemophilia Treatment, "AIDS: Immunologic and Pathogenic Considerations," Tokyo, Japan, November 8, 1984
- Chairperson, Scientific Session on Present Status of AIDS in Individual Countries, The Fourth International Symposium on Hemophilia Treatment, Tokyo, Japan, November 8, 1984
- Invited Symposium Speaker, American Academy of Dermatology 43rd Annual Meeting, "AIDS: An Update" and "The Organization of the Immune System," Washington, DC, December 1984
- State-of-the-Art Lecturer, 66th Annual Session of the American College of Physicians, "The Acquired Immunodeficiency Syndrome," Washington, DC, March 30, 1985
- The Eighth Annual Louis Weinstein Lecture, Tufts University Medical Center, "The Acquired Immunodeficiency Syndrome: An Update," Boston, MA, April 11, 1985
- Invited Plenary Lecturer, Recent Advances in Primary and Acquired Immunodeficiencies, "Immunologic Abnormalities in AIDS," Boston, MA, April 12, 1985
- Chairman, Session of Immunotherapy of Immunodeficiencies, Recent Advances in Primary and Acquired Immunodeficiencies, Boston, MA, April 12, 1985
- The 1985 Memorial Lecture of the American Gastroenterological Association, "Acquired Immunodeficiency Syndrome: An Update," New York, NY, May 13, 1985
- The George Thorn Lecture, Brigham and Women's Hospital and Harvard Medical School, "Acquired Immunodeficiency Syndrome: An Update," Boston, MA, May 17, 1985
- Invited Plenary Speaker, The Sixty-Third Annual Meeting of the American College Health Association, "The Acquired Immunodeficiency Syndrome: An Update," Washington, DC, May 30, 1985
- Invited Symposium Speaker, 1985 Annual Meeting of the American Association for the Advancement of Science, "The Immunopathogenesis of AIDS," Los Angeles, CA, May 31, 1985
- Invited Plenary Speaker, The Annual Meeting of the American Society for Virology, "The Immunopathogenesis of AIDS," Albuquerque, NM, July 24, 1985
- Invited Plenary Speaker, Joint Meeting of the Italian Society of Immunology and Immunopathology and National Institutes of Health on "Human Lymphocyte Activation," "Factors Involved in the Human B Cell Cycle," "AIDS: An Update," Florence, Italy, September 5-7, 1985
- Chairman, Session on AIDS Retroviruses, Cold Spring Harbor Symposium on Modern Approaches to Vaccines, Cold Spring Harbor, NY, September 14, 1985
- Invited Symposium Speaker, Cold Spring Harbor Symposium on Modern Approaches to Vaccines, "Immunopathogenesis of AIDS," Cold Spring Harbor, NY, September 14, 1985
- The John H. Erskine Lectureship, St. Jude's Children's Research Hospital, "The Acquired Immunodeficiency Syndrome (AIDS): An Update," Memphis, TN, November 1, 1985
- The Macombre Lecture, Harvard Medical School, "The Acquired Immunodeficiency Syndrome," Boston, MA, December 3, 1985
- 1985 Dwight Griswald Memorial Lectureship, Hartford Hospital, "The Acquired Immunodeficiency Syndrome (AIDS): An Update," Hartford, CT, December 17, 1985
- Invited Plenary Speaker, Roche-UCLA Symposium on Viruses and Human Cancer, "Immunopathogenesis of HTLV-III Infection," Park City, UT, February 3, 1986
- The Kroc Foundation Distinguished Lectureship of the Western Association of Physicians, "The Acquired Immunodeficiency Syndrome: An Update," Carmel, CA, February 5, 1986
- Invited Plenary Speaker, International Conference on Lymphocyte Activation and Immune Regulation, "Activation, Proliferation, and Differentiation of Human B Lymphocytes," Newport Beach, CA, March 1, 1986
- Invited Plenary Lecturer, Postgraduate Medical Education Seminar, Annual Meeting of the American Academy of Allergy and Immunology, "AIDS: An Update," New Orleans, LA, March 23, 1986

- Invited Symposium Speaker, Seminars in Advanced Rheumatology, New York University Medical Center, "Lessons from AIDS," New York, NY, March 24, 1986
- The Leo H. Crippe, MD, Lectureship, Montefiore Hospital, University of Pittsburgh School of Medicine, "The Acquired Immunodeficiency Syndrome: An Update," Pittsburgh, PA, April 3, 1986
- 20th Annual Knowles Lectureship, Northern California Chapter, Arthritis Foundation, "The Clinical Spectrum of Vasculitis," San Francisco, CA, April 11, 1986
- Meet the Professor, Annual Meeting of the American College of Physicians, "The Acquired Immunodeficiency Syndrome" and "The Clinical Spectrum of Vasculitis," San Francisco, CA, April 10, 1986
- Invited Panel Discussant, Annual Meeting of the American College of Physicians, Panel on "Vasculitis," San Francisco, CA, April 11, 1986
- Invited Symposium Speaker, 123rd Annual Meeting of the National Academy of Sciences, "The Issues in Developing a Strategy for Dealing with AIDS," Washington, DC, April 29, 1986
- Invited Plenary Speaker, 139th Annual Meeting of the American Psychiatric Association, "The Acquired Immunodeficiency Syndrome," Washington, DC, May 13, 1986
- The Donald Berkowitz Memorial Lectureship, Medical College of Pennsylvania, "AIDS Update," Philadelphia, PA, May 15, 1986
- The Fourth Annual Clemens von Pirquet Lectureship, Georgetown University Medical Center, "The Immunopathogenesis of AIDS: A Model for Dissection of the Immune System," Washington, DC, May 16, 1986
- The Ninth Annual Golan Memorial Lectureship of the Department of Pediatrics, North Shore University Hospital, "The Acquired Immunodeficiency Syndrome: An Update," Manhasset, NY, May 21, 1986
- The 10th Annual Meadow Brook Lectureship, "The Acquired Immunodeficiency Syndrome: An Update," Rochester, MI, May 28, 1986
- Invited Plenary Lecturer, National Council for International Health 13th Annual Conference, "The Global Impact of AIDS," Washington, DC, June 12, 1986
- Invited Plenary Speaker, "Therapeutic Approaches to the Underlying Defect in Patients with AIDS," International Conference on AIDS, Paris, France, June 24, 1986
- Invited Plenary Speaker, "The Immunopathogenesis of AIDS," 6th International Congress on Sexually Transmitted Diseases, Paris, France, June 26, 1986
- Invited Plenary Speaker, First International Union of Immunological Societies Conference on Clinical Immunology, "Immunoregulatory Lymphokines in Clinical Immunology," Toronto, Canada, July 6, 1986
- Invited Symposium Speaker, 6th International Congress of Immunology, "The Immunopathogenesis of the Acquired Immunodeficiency Syndrome," Toronto, Canada, July 7, 1986
- 7th Annual Lecturer in Geographic Medicine, Case Western Reserve University Medical Center, "The Acquired Immunodeficiency Syndrome (AIDS): An Update," Cleveland, OH, October 9, 1986
- Invited Plenary Speaker, The Charter Meeting of the Clinical Immunology Society, "The Immunopathogenesis of AIDS," Baltimore, MD, October 10, 1986
- The Werner Braun Memorial Lectureship of the Waksman Institute of Microbiology, The State University of New Jersey at Rutgers, "The Acquired Immunodeficiency Syndrome (AIDS): An Update," Piscataway, NJ, October 16, 1986
- Invited Plenary Speaker, 4th Annual Military Health Professionals Symposium, "The Acquired Immunodeficiency Syndrome (AIDS)," Bethesda, MD, October 25, 1986
- Invited Plenary Speaker, Colloque des "Cent Gardes" on Retroviruses of Human AIDS and Related Animal Retroviruses, "The Immunopathogenesis of AIDS," Marnes-la-Coquette, France, October 30, 1986
- Invited Symposium Speaker, Fifth International Lymphokine Workshop, "Factor-Induced Immunoregulation of Human T Lymphocyte Responses," Clearwater, FL, January 18, 1987

- Invited Symposium Speaker, The Twenty-Sixth Midwinter Conference of Immunologists, "Factor-Induced Immunoregulation of Human B Lymphocyte Responses," Pacific Grove, CA, January 19, 1987
- Invited Plenary Lecture, The Annual Meeting of the American Academy of Allergy and Immunology, "AIDS: An Update," Washington, DC, February 20, 1987
- Invited Plenary Lecture, The Annual Meeting of the Virginia Chapter of the American College of Physicians, "AIDS: An Update," Crystal City, VA, February 28, 1987
- The 1987 Annual Lectureship of the American Society of Microbiology, "AIDS: Pathogenic Mechanisms and Research Strategies," Atlanta, GA, March 1, 1987
- The Annual Alpha Omega Alpha Lecture of the Mount Sinai School of Medicine, "AIDS: Epidemiologic, Clinical, Immunopathogenic, and Therapeutic Considerations," New York, NY, April 15, 1987
- Invited Plenary Speaker, The American Medical Association National Conference on AIDS and Public Policy: A Community Response, "Programs Within the National Institutes of Health," Chicago, IL, April 22, 1987
- Invited Plenary Speaker, American Pediatric Society Presidential State of the Art Symposium on AIDS: Special Challenges for Infants and Children, "Immunopathogenic Mechanisms of HIV Infection," Anaheim, CA, April 29, 1987
- Invited Plenary Speaker, The American Federation for Clinical Research Annual Meeting, Frontiers in Clinical Science Symposium, "AIDS: Pathogenic Mechanisms and Research Strategies," San Diego, CA, May 3, 1987
- Invited "Public Lecturer," Montedison Progetto Cultura, "AIDS: An Update," Milan, Italy, May 7, 1987
- Invited Lecturer, Istituto Superiore di Sanita, "AIDS: Clinical, Etiologic, Pathogenic and Therapeutic Considerations," Rome, Italy, May 8, 1987
- The Woodward Lectureship of the Sloan-Kettering Institute, "Factor-Induced Regulation of Human B Cell Responses," New York, NY, May 27, 1987
- Invited Plenary Lecturer, The III International Conference on AIDS, "Immunopathogenic Mechanisms and Immune Response to HIV Infection," Washington, DC, June 2, 1987
- Distinguished Lecturer in Medical Science, the Mayo Graduate School of Medicine, "AIDS: Epidemiologic, Clinical, Etiologic, Immunopathogenic, and Therapeutic Considerations," Rochester, MN, August 12, 1987
- Invited Plenary Speaker, AIDS Symposium, 27th Annual Meeting of the International Conference on Antimicrobial Agents and Chemotherapy, "Immunopathogenic Mechanisms of HIV Infection," New York, NY, October 4, 1987
- Invited Plenary Speaker, Annual Meeting of the Hospice Association of America, "AIDS Research," Washington, DC, October 10, 1987
- The University Lectureship, The University of Texas Health Science Center at Dallas, "Immunopathogenic Mechanisms of Human Immunodeficiency Virus Infection," Dallas, TX, December 2, 1987
- Invited Symposium Speaker, Fourth International ARC/NIH Symposium - Cancers in the Developed World, "Immunopathogenic Mechanisms of HIV Infection," Bethesda, MD, December 11, 1987
- Invited Plenary Speaker, The American College of Physicians, District of Columbia Annual Meeting, "Immunopathogenesis of AIDS," Bethesda, MD, January 9, 1988
- Alpha Omega Alpha Lecture of the Uniformed Services University of the Health Sciences, "Current Issues in the AIDS Epidemic," Bethesda, MD, March 29, 1988
- Invited Plenary Speaker, Annual Meeting of the National Academy of Sciences, "Pathogenesis and Natural History of HIV Infection," Washington, DC, April 27, 1988

- The Kober Lectureship of the Association of American Physicians, "Basic Immunology, the Path to the Delineation of the Immunopathogenic Mechanisms of Human Immunodeficiency Virus Infection," Washington, DC, May 2, 1988
- Plenary Lecturer, Annual Meeting of the American Association of Immunologists, Immunopathogenic Mechanisms of HIV Infection," Las Vegas, NV, May 4, 1988
- The Alpha Omega Alpha Lecture of the New York University School of Medicine, "Immunopathogenic Mechanisms of HIV Infection," New York, NY, May 9, 1988
- Invited Plenary Lecturer, The Annual Meeting of the American Academy of Pediatrics, "Current Issues in the AIDS Epidemic," New York, NY, May 10, 1988
- Invited Plenary Speaker, The Centennial Symposium of Abbott Laboratories, "Immunopathogenic Mechanisms of HIV Infection," Chicago, IL, May 12, 1988
- Invited Plenary Lecturer, International Symposium on Immunoregulation in Clinical Diseases, "Immunopathogenic Mechanisms of HIV Infection," Florence, Italy, May 27, 1988
- Invited Speaker, The National Academy of Science President's Circle, Issues Confronting the Global Future, "National and International Perspective on AIDS," Woods Hole, MA, July 16, 1988
- Invited Plenary Lecturer, Ninth European Immunology Conference, "Immunopathogenic Mechanisms of HIV Infection," Rome, Italy, September 17, 1988
- The C. Richard Bowman Memorial Lectureship of the University of Virginia School of Medicine, "Current Issues in the AIDS Epidemic," Charlottesville, VA, October 7, 1988
- Invited Plenary Lecturer, International Symposium on AIDS, "Immunopathogenic Mechanisms of HIV Infection," Republic of San Marino, October 13, 1988
- Distinguished Scientist Lecturer, Bard College Lecture Series, "Current Issues and Future Directions in the Scientific Response to the AIDS Epidemic," Annandale-on-Hudson, New York, NY, November 12, 1988
- Invited Plenary Speaker, 99th Annual Meeting of the Association of American Medical Colleges, "AIDS and the Challenge to Basic and Clinical Biomedical Research," Chicago, IL, November 13, 1988
- The First Annual William D. Dolan, M.D. Lecture of the Arlington Hospital Foundation, "Current Issues in the AIDS Epidemic," Arlington, VA, November 22, 1988
- Invited Plenary Lecture, U. S. Health Summit on HIV Infection "AIDS: Science and Medicine," Washington, DC, November 28, 1988
- The Maurice C. Pincoffs Lectureship in Medicine, the University of Maryland School of Medicine, "Immunopathogenic Mechanisms of HIV Infection," Baltimore, MD, December 12, 1988
- The 54th Annual William Beaumont Society Lectureship of the George Washington University School of Medicine, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, February 21, 1989
- Invited Plenary Lecturer, Georgetown University Bicentennial Symposium, Neuroscience in the Twenty-first Century: New Perspectives and Horizons, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, April 23, 1989
- Invited Keynote Speaker at the Advances in Pediatric Education and Scientific Forum of the Children's Hospital National Medical Center, "AIDS: Current Research and Future Directions," Washington, DC, May 18, 1989
- Invited Symposium Speaker, The First Forum on AIDS of the Harvard AIDS Institute, "Immunopathogenic Mechanisms of HIV Infection," Boston, MA, May 23, 1989
- Keynote Speaker, Annual Meeting of the American Academy of Physician Assistants, "AIDS: Current Treatment and Vaccine Research," Washington, DC, May 27, 1989
- State of the Art Lecturer, 53rd Annual Meeting of the American College of Rheumatology, "Immunopathogenic Mechanisms of HIV Infection," Cincinnati, OH, June 13, 1989

- Keynote Speaker, The American Association for the Advancement of Science 1989 Mass Media Science and Engineering Fellows Program, "Science and the Media: Under the Microscope and in the Fishbowl," Washington, DC, June 14, 1989
- Keynote Speaker, HIV Treatment Awareness Week "HIV Disease: The Medical Outlook," San Francisco, CA, June 23, 1989
- Invited Keynote Address, Annual Meeting of the American Society for Medical Technology, "Immunopathogenesis of HIV Infection," Washington, DC, June 27, 1989
- Invited Lecturer, The Marine Biological Laboratory at Woods Hole Friday Night Lecture Series, "Pathogenic Mechanisms of HIV Infection," Woods Hole, MA, August 18, 1989
- Keynote Address, Annual Meeting of the American Association of Physicians for Human Rights, "AIDS: Critical Issues for the 1990s," San Francisco, CA, August 24, 1989
- Invited Plenary Lecture, Annual Meeting of the Infectious Diseases Society of America, "Immunopathogenic Mechanisms of HIV Infection," Houston, TX, September 17, 1989
- Invited Plenary Speaker, The National AIDS Update, "The HIV Epidemic: Issues for the 1990s," San Francisco, CA, October 13, 1989
- Invited Panel Discussant, National Center for Social Policy and Practice, Public Forum on AIDS and Ethics, Annual Meeting of the National Association of Social Workers, San Francisco, CA, October 14, 1989
- Invited Plenary Lecturer, Annual Meeting of the Institute of Medicine, "The Role of Basic Immunology in the Delineation of the Immunopathogenic Mechanisms of HIV Infection," Washington, DC, October 16, 1989
- Invited Plenary Lecturer, Second San Marino Conference, The Immune System and AIDS, "Immunopathogenic Mechanisms of HIV Infection," Republic of San Marino, October 23, 1989
- Invited Plenary Lecturer, Fourth Meeting of "Cent Gardes," "Cytokine Induction of HIV Expression," Paris, France, October 26, 1989
- Invited Symposium Speaker, Fourth Annual Meeting of the Clinical Immunology Society, "Immunopathogenic Mechanisms of HIV Infection," Arlington, VA, November 6, 1989
- Invited Plenary Speaker, Second International Conference on Drug Research in Immunologic and Infectious Diseases, Acquired Immunodeficiency Syndrome, "Immunopathogenic Mechanisms of HIV Infection," Arlington, VA, November 7, 1989
- Invited Seminar Speaker, The Public Health Research Institute, "AIDS: Critical Issues for the 1990s," New York, NY, November 8, 1989
- The Third Annual Martin V. Bonventre, M.D., Memorial Lecture, The Brooklyn Hospital, "AIDS: Considerations for the 1990s," Brooklyn, NY, November 14, 1989
- The Seventeenth Annual Maxwell Finland Lecture of the Channing Laboratory, Brigham and Women's Hospital, Harvard Medical School, "Immunopathogenic Mechanisms of HIV Infection," Boston, MA, December 15, 1989
- Invited Plenary Lecture, 2nd Annual New York/Italy Medical Symposium, "Treatment of HIV Disease Consideration for the 1990s," New York, NY, January 21, 1990
- Invited Speaker, The Brookings Institution Seminar Series on Risk Analysis, "Clinical Trials in AIDS: A Reevaluation of the Philosophy of Risk-Benefit," Washington, DC, February 5, 1990
- Invited Plenary Lecture, The Annual Meeting of the American Association for the Advancement of Science, "Immunopathogenic Mechanisms of Human Immunodeficiency Virus Infection," New Orleans, LA, February 17, 1990
- Invited Plenary Speaker, UCLA-Hoffman LaRoche-Smith, Kline & French Symposium - HIV and AIDS: Pathogenesis, Therapy and Vaccine, "Immunopathogenesis of HIV Infection," Keystone, CO, April 2, 1990
- The Johns Hopkins Conference on AIDS, "Immunopathogenic Mechanisms of HIV Infection," Baltimore, MD, April 4, 1990

- The Maloney-Booker Graduate Lecture on Pharmacology of the Howard University School of Medicine, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, April 11, 1990
- The Alpha Omega Alpha Lecture of the Tufts University Medical School, "AIDS: Considerations for the 1990s," Boston, MA, April 19, 1990
- The Alpha Omega Alpha Lecture of the Cornell University Medical School, "AIDS in the 1990s: What Do We Know and What Does the Future Hold," New York, NY, April 23, 1990
- Invited Plenary Lecture, Featured Symposium on AIDS of the Annual Meeting of the Association of American Physicians, "The Immunopathogenesis of AIDS," Washington, DC, May 5, 1990
- Chairman, Featured Symposium on AIDS of the Annual Meeting of the Association of American Physicians, Washington, DC, May 5, 1990
- Invited Plenary Speaker, Panel of Past Presidents of the American Federation for Clinical Research, The Annual Meeting of the American Federation for Clinical Research, "The Impact of the AIDS Epidemic on the Clinical Investigator," Washington, DC, May 5, 1990
- The Donald F. Richardson Memorial Lecture of the American College of Obstetricians and Gynecologists, "AIDS/HIV Infection: Challenge for the 1990s," San Francisco, CA, May 8, 1990
- The Third Annual Farr Lecture, Yale University School of Medicine, "Basic Research in Immunology: The Foundation for Understanding the Immunopathogenic Mechanisms of HIV Infection," New Haven, CT, May 15, 1990
- Invited Symposium Speaker, American Association of Immunologists Symposium on Contributions of Basic Immunology to Human Health "Basic Immunology and Its Role in Delineating the Immunopathogenic Mechanisms of HIV Infection," New Orleans, LA, June 3, 1990
- Invited Plenary Lecture, Closing Ceremonies, VIth International Conference on AIDS, "AIDS Research: Considerations for the 1990s," San Francisco, CA, June 24, 1990
- The Memorial Lecture of the Silver Jubilee of the Japan-U.S. Cooperative Medical Science Program, "Immunopathogenic Mechanisms of HIV Infection," Tokyo, Japan, June 18, 1990
- Invited Plenary Lecture, 15th International Herpesvirus Workshop, "Immunopathogenesis of HIV Infection," Washington, DC, August 4, 1990
- Chairman, Symposium on AIDS, NIH Research Day, Bethesda, MD, September 10, 1990
- Invited Symposium Speaker, AIDS Symposium, NIH Research Day, "Immunopathogenic Mechanisms of HIV Infection," Bethesda, MD, September 10, 1990
- Keynote Speaker, First Annual RCM International AIDS Symposium, "Immunopathogenic Mechanisms of HIV Infection," Atlanta, GA, September 27, 1990
- Keynote Speaker, Seventh International Lymphokine Workshop, "Cytokine Regulation of HIV Expression," San Antonio, TX, October 1, 1990
- Invited Plenary Speaker, The Third San Marino International Conference on Biomedical Research, "Immunopathogenic Mechanisms of HIV Infection," The Republic of San Marino, October 11, 1990
- Invited Plenary Lecture, The Fifth Annual Cent Gardes Symposium, "Immunopathogenic Mechanisms of HIV Infection: An Update," Paris, October 29, 1990
- The 19th Annual Charles W. Lacaillade Lecture of St. John's University, "The AIDS Epidemic: Consideration for the 1990s," New York, NY, November 8, 1990
- Keynote Speaker, 201st Annual Meeting of the Medical Society of Delaware, "AIDS, Considerations for the 1990s," Wilmington, DE, November 17, 1990
- Invited Plenary Lecturer, The 32nd Annual Meeting of the International Society of Hematology and the American Society of Hematology, "Immunopathogenic Mechanisms of HIV Infection," Boston, MA, December 4, 1990
- Invited Lecturer, Capital Science Lecture Series, Carnegie Institution of Washington, "AIDS: Considerations for the 1990s," Washington, DC, January 15, 1991
- Invited Symposium Speaker, The American Association for the Advancement of Science Annual Meeting, "Pathogenesis of HIV Infection," Washington, DC, February 16, 1991

- Annual Address to the New York Academy of Medicine, "AIDS in the 1990s: The Challenge Continues," New York, NY, May 30, 1991
- Invited Symposium Speaker, The Second University of Texas Southwestern Symposium on the Physician's Role in Society, "The Responsibility to Treat: AIDS as a Paradigm," Dallas, TX, June 1, 1991
- Opening Ceremony Plenary Lecture, The VIIth International Conference on AIDS, "The Impact of Biomedical Research on the AIDS Epidemic," Florence, Italy, June 16, 1991
- Invited Symposium Speaker, Annual Meeting of the American Society for Virology, "Cytokine Regulation of HIV Expression," Fort Collins, CO, July 11, 1991
- Invited Plenary Lecture, Pharmacy World Congress, 1991, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, September 3, 1991
- Invited Symposium Speaker, First Annual Princeton Conference on Drug Development, "Finding a Vaccine and a Cure for AIDS," Princeton, NJ, October 3, 1991
- Invited Plenary Speaker, Institute of Medicine Annual Meeting, "The Science Base for Safer and More Effective Vaccines," Washington, DC, October 14, 1991
- Keynote Speaker, 1991 NIGMS Minority Programs Symposium, "AIDS: Considerations for the 1990s," Washington, DC, November 3, 1991
- The Tadeusz J. Wiktor Memorial Lecture of the Wistar Institute, "Immunopathogenic Mechanisms of HIV Infection," Philadelphia, PA, November 6, 1991
- The Nieuwland Sesquicentennial Lecturer - 1991, The University of Notre Dame, "AIDS, Considerations for the 1990s," and "Immunopathogenic Mechanisms of HIV Infection," South Bend, IN, November 11, 1991
- Invited Plenary Lecturer, The Eighth Annual Wallace P. Rowe Symposium on Animal Virology, "HIV Immunopathogenesis," Bethesda, MD, February 3, 1992
- The 1992 Annual AOA Lecture of the Pritzker School of Medicine of The University of Chicago, "AIDS: Considerations for the 1990s," Chicago, IL, May 12, 1992
- Keynote Speaker, The Seventh International Symposium on Infections in the Immunocompromised Host, "Immunopathogenic Mechanisms of HIV Infection," Boulder, CO, June 22, 1992
- The Jules Bordet Lecture, Third International Conference on Drug Research in Immunologic and Infectious Diseases, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, June 30, 1992
- State of the Art Lecture, VIIIth International Conference on AIDS/IIIrd World Congress on STDs, "Immunopathogenic Mechanisms of HIV Infection," Amsterdam, The Netherlands, July 23, 1992
- Keynote Address, VIth International Conference on AIDS Education, "Immunopathogenic Mechanisms of HIV Infection," Pentagon City, VA, August 17, 1992
- Invited Symposium Speaker, 8th International Congress on Immunology, "Immunopathogenic Mechanisms of HIV Infection," Budapest, Hungary, August 28, 1992
- Chairman, Symposium on Immunology of HIV Infection, 8th International Congress on Immunology, Budapest, Hungary, August 28, 1992
- Keynote Speaker, Symposium on Human Lymphocyte Markers and Function in Health and Disease, "Immunopathogenic Mechanisms of HIV Infection," Genoa, Italy, October 24, 1992
- Special Lecturer, Symposium on Lymphocyte Subpopulations, "Immunopathogenic Mechanisms of HIV Infection," Santa Margherita Ligure, Italy, October 26, 1992
- Keynote Speaker, Septieme Colloque des Cent Gardes, "Immunopathogenic Mechanisms of HIV Infection," Marnes-la-Coquette, France, October 28, 1992
- Plenary Speaker, National Meeting of the Clinical Immunology Society, "Immunopathogenic Mechanisms of HIV Infection," Philadelphia, PA, October 13, 1992
- The Alpha Omega Alpha Lecture of the University of Oklahoma Medical School, "Immunopathogenic Mechanisms of HIV Infection," Oklahoma City, OK, November 18, 1992

- Keynote Speaker, 29th National Meeting of the Society for Leukocyte Biology, "Immunopathogenic Mechanisms of HIV Infection," Charleston, SC, December 3, 1992
- The 1992 Ham-Wasserman Lecture of the American Society of Hematology, "Immunopathogenic Mechanisms of HIV Infection," Anaheim, CA, December 5, 1992
- University Colloquium Speaker, The Rockefeller University, "Immunopathogenic Mechanisms of HIV Infection," New York, NY, March 5, 1993
- Keynote Speaker, The Gladstone Institute for Virology and Immunology Inauguration Seminar, "Immunopathogenic Mechanisms of HIV Infection," UCSF, San Francisco, CA, April 19, 1993
- Distinguished Scientists Seminar Lecturer, Howard University, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, April 22, 1993
- Keynote Speaker, Thirteenth Annual Vincent du Vigneaud Memorial Research Symposium, "Immunopathogenic Mechanisms of HIV Infection," New York, NY, May 5, 1993
- Lecturer, Keynote Speaker Series, Harvard AIDS Institute, "Immunopathogenic Mechanisms of HIV Infection," Boston, MA, May 7, 1993
- The R. E. Dyer Lecture, National Institutes of Health, "Immunopathogenic Mechanisms of HIV Infection," Bethesda, MD, May 19, 1993
- Invited Symposium Speaker, The Annual Meeting of the American Association of Immunologists, "Immunopathogenic Mechanisms of HIV Infection," Denver, CO, May 24, 1993
- Invited Seminar Speaker, The Johns Hopkins University Immunology Council, "Immunopathogenic Mechanisms of HIV Infection," Baltimore, MD, May 25, 1993
- Invited Symposium Speaker, Viral Pathogenesis. A Symposium in Honor of Bernard Fields, "Immunopathogenic Mechanisms of HIV Infection," Davis, CA, July 14, 1993
- Invited Symposium Speaker, National Academy of Sciences Colloquium on Changes in Human Ecology and Behavior: Effects on Infectious Diseases, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, September 28, 1993
- Invited Symposium Speaker, The Sesquicentennial Scientific and Educational Symposium, Case Western Reserve School of Medicine, "Immunopathogenic Mechanisms of HIV Infection," Cleveland, OH, October 1, 1993
- Invited Seminar Speaker, Massachusetts General Hospital Immunology Series, "Immunopathogenic Mechanisms of HIV Infection," Boston, MA, October 7, 1993
- Invited Lecturer, College of the Holy Cross Sesquicentennial Alumni Lecture Series, "AIDS: Consideration for the 1990s," Worcester, MA, October 8, 1993
- Invited Symposium Speaker, Joint Symposium on AIDS of the ICAAC/IDSA, 1993 Annual Meeting, "Immunopathogenic Mechanisms of HIV Infection," New Orleans, LA, October 18, 1993
- Special Lecture, 8th Colloquium of "Cent Gardes," Pasteur Merieux, "Immunopathogenesis of HIV Disease: Newer Concepts," Marnes-la-Coquette, France, October 25, 1993
- Invited Speaker, AIDS and Public Debate Conference of the AIDS History Society and the American Association for the History of Medicine, "AIDS: Reflections on the Past and Considerations for the Future," Bethesda, MD, October 29, 1993
- First Annual Linda Laubenstein, M.D. Memorial Lecture, The New York University Medical Center, "Immunopathogenic Mechanisms of HIV Disease, New York, NY, November 15, 1993
- The Cartwright Lecture of Columbia University College of Physicians and Surgeons, "Immunopathogenic Mechanisms of Human Immunodeficiency Virus Infection," New York, NY, November 29, 1993
- Invited Symposium Speaker and Symposium Chairman, The Cell Biology of AIDS, "Immunopathogenic Mechanisms of Human Immunodeficiency Virus (HIV) Infection," Annual Meeting of the American Society for Cell Biology, New Orleans, LA, December 11, 1993
- State of the Art Lecture, The First National Conference on Human Retroviruses and Related Infections, "Immunopathogenic Mechanisms of HIV Infection," Washington, DC, December 15, 1993

- Chairman and Speaker, Roundtable Symposium on "Mechanisms of CD4+ T Cell Depletion," The First National Conference on Human Retroviruses and Related Infections, Washington, DC, December 15, 1993
- Invited Speaker, Howard Hughes Medical Institute Workshop on the Molecular Biology of the Human Immunodeficiency Virus, "Immunopathogenic Mechanisms of HIV Infection," Chevy Chase, MD, February 16, 1994
- Invited Speaker, Professional Development Seminar for Senior Women in Medicine, Association of American Medical Colleges, "Mentoring and Finding a Mentor," Washington, DC, March 5, 1994
- Invited Keynote Speaker, 44th Annual Convention of the American Medical Student Association, "AIDS: Considerations for the 1990s," Arlington, VA, March 19, 1994
- Keynote Speaker, Biotech '94 Symposium on AIDS: From Basic Science to Prevention, Diagnosis and Therapy, "Immunopathogenic Mechanisms of HIV Diseases," Florence, Italy, April 10, 1994
- Invited Theme Symposium Speaker and Chairman Theme Symposium on AIDS, Clinical Research Meeting, "Host Factor in the Immunopathogenesis of HIV Disease," Baltimore, MD, May 1, 1994
- Chairman, Poster Workshop on AIDS, Clinical Research Meeting, Baltimore, MD, April 29 and May 1, 1994
- Invited Speaker, AIDS Action Foundation Conference on HIV Prevention Vaccines: Social, Ethical, and Political Considerations for Domestic Efficacy Trials, "The Magic Shot: How Vaccines Work" and "The Search for an AIDS Vaccine," Washington, DC, May 9, 1994
- Invited Speaker, Nobel Conference on Cytokines in the Pathogenesis and Treatment of Infectious Diseases, "Cytokines in the Immunopathogenesis of HIV Disease," Stockholm, Sweden, June 3, 1994
- Invited Plenary Lecturer, Ninth International Conference on AIDS, "The Multifaceted, Multiphasic Mechanisms of Immunopathogenesis of HIV Disease: Implications for Therapeutic Strategies," Berlin, Germany, June 7, 1994
- Plenary Speaker, The 10th International AIDS Conference and Conference on STDs, "Host Factors in the Pathogenesis of HIV Disease," Yokohama, Japan, August 8, 1994
- Maurice Hilleman Annual Lectureship, Children's Hospital of Philadelphia, "Host Factors in the Pathogenesis of HIV Disease," Philadelphia, PA, September 14, 1994
- Keynote Speaker, 10th World Congress on Gastroenterology, "Host Factors in the Pathogenesis of HIV Disease," Los Angeles, CA, October 3, 1994
- Keynote Speaker, 12th Annual Symposium on Nonhuman Primate Models for AIDS, "Host Factors in the Pathogenesis of HIV Disease," Boston, MA, October 13, 1994
- Keynote Lecture, Neuvieme Colloque des Cent Gardes, "Host Factors in the Pathogenesis of HIV Disease," Paris, France, October 24, 1994
- Invited Speaker, Nature's International Conference on the Immune System: A Model Organ?, "The Immunopathogenic Mechanisms of HIV Disease," Boston, MA, November 7, 1994
- Plenary Speaker, 43rd Annual Meeting of the American Society of Tropical Medicine and Hygiene, "Immunopathogenic Mechanisms of HIV Disease," Cincinnati, OH, November 14, 1994
- Keynote Lecturer, Clinical Immunology Society Workshop on HIV Immune-Based Therapies, "Host Factors in the Pathogenesis of HIV Disease," Baltimore, MD, January 27, 1995
- State of the Art Lecture, 2nd National Conference on Human Retroviruses and Related Infections, "Immunopathogenesis of HIV Disease," Washington, DC, January 30, 1995
- The Richard S. Farr Lectureship of the American Academy of Allergy and Immunology, "Immunopathogenic Mechanisms of HIV Disease," New York, NY, February 26, 1995
- The Theobald Smith Lectureship of the Albany Medical College, "HIV and AIDS in 1995: Science and Policy," Albany, NY, April 4, 1995

- Invited Symposium Speaker, Symposium on Molecular and Genetic Immunoprobes for Biotechnology, Annual Meeting of the American Association of Immunologists, "Immunopathogenic Mechanisms of HIV Disease," Atlanta, GA, April 10, 1995
- The First Annual Tim Gill Lectureship of the University of Colorado Health Sciences Center, "Host Factors in the Pathogenesis of HIV Disease," Denver, CO, May 19, 1995
- Invited Plenary Speaker, Annual Meeting of the Catalan Society of Internal Medicine, "Advances in the Immunopathogenesis of HIV Disease," Barcelona, Spain, May 26, 1995
- First Annual David E. Rogers Memorial Grand Rounds, The New York Hospital-Cornell Medical Center, "Host Factors in the Pathogenesis of HIV Disease," New York, NY, June 8, 1995
- Chairman, Symposium on Immunopathogenesis of AIDS and Invited Plenary Speaker, "Host Factors in the Pathogenesis of HIV Disease," 9th International Congress of Immunology, San Francisco, CA, July 24, 1995
- Invited Plenary Lecture, Symposium of the Institut Pasteur, Vaccines, One Hundred Years after Louis Pasteur, "Development of an AIDS Vaccine: A Departure from the Usual Paradigms," Paris, France, September 28, 1995
- Giovanni Batista Rossi Memorial Lecture, 14th National Meeting of the Italian Society of Immunology and Immunopathology, "Host Factors in the Pathogenesis of HIV Disease," Bari, Italy, October 1, 1995
- Invited Speaker, Symposium on Emerging and Re-Emerging Infections. Government and Industry: Interagency Cooperation, Regulatory Relationships and Constraints, "The NIH Perspective," 1995 Annual Meeting of the Institute of Medicine, Washington, DC, October 16, 1995
- Invited Special Lecturer, 10th Cent Gardes Symposium, "Host Factors in the Pathogenesis of HIV Disease," Marnes-la-Coquette, France, October 24, 1995
- Invited Plenary Lecture, Annual Meeting, The International Society for Interferon and Cytokine Research, "Host Factors in the Pathogenesis of HIV Disease," Baltimore, MD, November 11, 1995
- The Steven C. Beering Award Lectureship of Indiana University School of Medicine, "Host Factors in the Pathogenesis of HIV Disease, Indianapolis, IN, November 15, 1995
- The 199th Lilly Lectureship, "Host Factors in the Pathogenesis of HIV Disease," Indianapolis, IN, November 15, 1995
- The Eleventh Shipley Symposium Lectureship, Department of Microbiology and Medical Genetics, Harvard Medical School, "Host Factors in the Pathogenesis of Human Immunodeficiency Virus Disease," Boston, MA, November 17, 1995
- The 1996 Alpha Omega Alpha Distinguished Lectureship of the Uniformed Services University of the Health Sciences, "Host Factors in the Pathogenesis of Human Immunodeficiency Virus Disease," Bethesda, MD, March 1, 1996
- Invited Plenary Lecture, The Greater Washington Infectious Diseases Society, "AIDS Update 1996," Bethesda, MD, March 16, 1996
- Invited Symposium Speaker, Keystone Symposium on Molecular and Cellular Biology, Immunopathogenesis of HIV Infection, "Host Factors in the Pathogenesis of HIV Disease," Hilton Head, SC, March 26, 1996
- Invited Speaker and Chair, Theme Symposium on Human Immunodeficiency Virus Disease: Epidemiologic, Pathogenic, and Therapeutic Considerations; Biomedicine '96 (AAP/ASCI/AFCR Annual Meeting), Washington, DC, May 4, 1996
- Invited Plenary Speaker, Deaconess Hospital Centennial Symposium, "Host Factors in the Pathogenesis of HIV Disease," Boston, MA, May 10, 1996
- Invited Plenary Speaker, 7th Annual HIV Meeting the Challenge: Prevention and Health Maintenance Strategies, Fairfax Hospital, "AIDS: A Look to the Future," Fairfax, VA, May 14, 1996
- Distinguished Medical Lecture, The University of North Carolina, "Host Factors in the Pathogenesis of HIV Disease," Chapel Hill, NC, May 24, 1996

The Chancellor's Lecture, Duke University Medical Center, Durham, NC, May 24, 1996

Distinguished Lecturer, XIth International Conference on AIDS, "Host Factors in the Pathogenesis of HIV Disease," Vancouver, British Columbia, July 9, 1996

Chairman, Roundtable on Pathogenesis, XIth International Conference on AIDS, Vancouver, British Columbia, July 10, 1996

Keynote Speaker, IX Congresso Brasileiro de Infectologia, "Host Factors in the Pathogenesis of HIV Disease," Recife, Brazil, August 26, 1996

Keynote Speaker, 36th Annual Meeting of the Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC), "Host Factors in the Pathogenesis of HIV Disease," New Orleans, LA, September 15, 1996

Keynote Speaker, 100th Anniversary of the Paul-Ehrlich-Institut, "Host Factors in the Pathogenesis of HIV Disease," Frankfurt, Germany, September 21, 1996

Keynote Speaker, IXth Entretiens du Centre Jacques Cartier on Pathogenesis of HIV Infection, "Host Factors in the Pathogenesis of HIV Disease," St.-Adele, Quebec, Canada, October 1, 1996

Chairman and Plenary Speaker, Cambridge Symposia on New Insights in HIV Infection and Disease, "Host Factors in the Pathogenesis of HIV Disease," Hilton Head, SC, October 11, 1996

The Baruj Benacerraf Lectureship, Dana-Farber Cancer Institute and Harvard Medical School, "Host Factors in the Pathogenesis of HIV Disease," Boston, MA, October 24, 1996

Plenary Speaker, Vaccines 2000 Symposium, "Prospects and Challenges for an HIV Vaccine, Toronto, Canada, October 28, 1996

The 7th Wolk Foundation Lecture, Colgate University, "AIDS: Considerations for the 21st Century," Hamilton, NY, November 3, 1996

Keynote Lecturer, UCLA AIDS Institute Annual Symposium, "AIDS: Considerations for the 21st Century," Los Angeles, CA, November 13, 1996

Inaugural Speaker, X Convegno Nazionale AIDS 3 Sindromi Correlate (ANLAIDS), "Host Factors in the Pathogenesis of HIV Disease," Milan, Italy, November 21, 1996

Dean's Lecture, Cornell University Medical Center, "Challenges and Prospects for an HIV Vaccine, New York, NY, February 5, 1997

Invited Symposium Speaker, Keystone Symposium on AIDS Pathogenesis, "Host Factors in the Pathogenesis of HIV Disease," Keystone, CO, April 10, 1997

The Henry Kunkel Lecturer, The Rockefeller University, "Host Factors in the Pathogenesis of HIV Disease," New York, NY, April 24, 1997

Plenary Speaker, National Science and Technology Week Symposium, Bowman-Gray School of Medicine, Winston-Salem, NC, April 25, 1997

Symposium Speaker, Frontiers in Biomedicine, George Washington University School of Medicine, "Host Factors in the Pathogenesis of HIV Disease," Washington, DC, May 15, 1997

Plenary Speaker, 8th European Congress of Clinical Microbiology and Infectious Diseases, "Host Factors in the Pathogenesis of HIV Disease," Lausanne, Switzerland, May 26, 1997

Plenary Session Speaker, United States Government Role in Health, 24th Annual Conference of the National Council for International Health, "Basic and Clinical Biomedical Research in Emerging and Re-emerging Infections," Arlington, VA, June 12, 1997

Keynote Address, Symposium on HIV-1 Infection, Mucosal Immunity and Pathogenesis, "Host Factors in the Pathogenesis of HIV Disease," Bethesda, MD, September 12, 1997

The Sonia Stupniker Isard Lecture of the College of Physicians of Philadelphia, "AIDS: Considerations for the 21st Century," Philadelphia, PA, September 30, 1997

The Tenth Annual William D. Dolan, M.D. Lecture, "AIDS: Considerations for the 21st Century," Arlington, VA, October 9, 1997

Special Lecturer, Onzieme Colloque des Cent Gardes, "Host Factors in the Pathogenesis of HIV Disease," Marnes-la-Coquette, France, October 28, 1997

- The Jonathan Lax Memorial Lecture, Wistar Institute, "AIDS: Considerations for the 21st Century," Philadelphia, PA, November 5, 1997
- Keynote Speaker, 15th National Congress of the Italian Society of Immunology and Immunopathology, "Host Factors in the Pathogenesis of HIV Disease," Genova, Italy, November 11, 1997
- Keynote Speaker, Annual Meeting of the Society for Leukocyte Biology, "Host Factors in the Pathogenesis of HIV Disease," Baltimore, MD, December 4, 1997
- Chair and Speaker, Symposium on "AIDS: Progress and Promise," 37th Annual Meeting of the American Society of Cell Biology, "Host Factors in the Pathogenesis of HIV Disease," Washington, DC, December 17, 1997
- The Sulkin Lectureship, University of Texas Southwestern Medical Center, "Host Factors in the Pathogenesis of HIV Disease", Dallas, TX, Jan. 6, 1998.
- The Fifth Annual Geoffrey H. Bourne Lecture, St. George's University, "AIDS: Considerations for the 21st Century", Grenada, West Indies, January 19, 1998.
- Chairman and Invited Lecturer, Special Symposium on Host Factors in HIV Infection: Implications for Therapy, 5th Conference on Retroviruses and Opportunistic Infections, "Host Factors in the Pathogenesis of HIV disease: Role of Cellular Activation and Cell Signaling," Chicago, IL, Feb. 4, 1998.
- Plenary Speaker, International Conference on Emerging Infectious Diseases, "Role of Biomedical Research in Emerging Infectious Diseases", Atlanta, GA, March 8, 1998.
- Keynote Address, Centennial Celebration of Cornell University Medical Center, "Reflections of a Native Son", New York, NY, April 14, 1998.
- Twentieth Annual Jim McGinnis Memorial Lecture, Department of Microbiology, Duke University Medical Center, "Host Factors in the Pathogenesis of HIV Disease", Durham, NC, April 23, 1998.
- Keynote Speaker, 8th International Congress on Infectious Diseases, "Host Factors in the Pathogenesis of HIV Disease", Boston, MA, May 15, 1998.
- The Howard Taylor Ricketts Award Lecture, University of Chicago, "Host Factors in the Pathogenesis of HIV Disease", Chicago, IL, May 28, 1998.
- Plenary Speaker, 32nd National Immunization Conference, "HIV Vaccine Research: Considerations for the New Millennium", Atlanta, GA, July 22, 1998.
- The American Association of Clinical Chemistry Lectureship, "Host Factors in the Pathogenesis of HIV Disease", Chicago, IL, August 3, 1998.
- Invited Plenary Speaker, 10th International Congress of Immunology, "Host Factors in the Pathogenesis of HIV Disease", New Delhi, India, November 3, 1998.
- Invited Symposium Speaker, Nature Conference: The Molecular Medicine Revolution -- A New Approach to Understanding and Eliminating Disease, "Host Factors in the Pathogenesis of HIV Disease", Tokyo, Japan, November 10, 1998.
- Invited Symposium Speaker, 36th Annual Meeting of the Infectious Diseases Society of America, "Host Factors in the Pathogenesis of HIV Disease", Denver, CO, November 15, 1998.
- Invited Symposium Speaker, Keystone Symposium on AIDS Pathogenesis, "Host Factors in the Pathogenesis of HIV Disease, Keystone, CO, January 11, 1999.
- Keynote Speaker, American Bar Association Symposium, HIV/AIDS and the Law: An Agenda for Beyond the Millennium, "AIDS: Considerations for the 21st Century", Washington, DC, January 22, 1999.
- Keynote Speaker, Annual Meeting, Greater Washington Infectious Diseases Society, "AIDS: Update 1999", Washington, DC, March 6, 1999.
- Timely Topics Lecture, 88th Annual Meeting of the United States and Canadian Academy of Pathology, "Host Factors in the Pathogenesis of HIV Disease", San Francisco, CA, March 22, 1999.

- Invited Symposium Speaker, American Association of Immunologists-Clinical Immunology Society-NIAID Symposium, 1999 FASEB Annual Meeting: Contemporary Topics in Immunology, "Host Factors in the Pathogenesis of HIV Disease", Washington, DC, April 17, 1999.
- Keynote Speaker, 2nd Annual RIGHT Meeting on Targeting HIV and Reconstituting the Immune System, "Host Factors in the Pathogenesis of HIV Disease", Washington, DC, April 19, 1999.
- The First Annual Sanyo Distinguished Scientist Lecture, The Institute for Human Virology, Biotechnology Center, The University of Maryland School of Medicine, "Host Factors in the Pathogenesis of HIV Disease", Baltimore, MD, April 27, 1999.
- 1999 Physician-in-Chief Pro Tempore Address, "The AIDS Paradigm: Scientific and Policy Lessons for the 21st Century", Brigham and Women's Hospital, Boston, MA, May 6, 1999.
- Keynote Speaker, Howard Hughes Medical Institute Symposium on Immunity and Susceptibility to Infectious Diseases, "Host Factors in the Pathogenesis of HIV Disease", Chevy Chase, MD, May 16, 1999.
- Keynote Lecture, AIDS Science Symposium, Abbott Diagnostics Division, "Host Factors in the Pathogenesis of HIV Disease", Chicago, IL, July 29, 1999.
- Invited Speaker, Smithsonian Associates Lecture Series, "AIDS: Considerations for the 21st Century", Washington, DC, August 10, 1999.
- Special Lecturer, 1999 International Meeting of the Institute for Human Virology, "Host Factors in the Pathogenesis of HIV Disease", Baltimore, MD, August 28, 1999.
- Invited Speaker, Maurice Hilleman 80th Birthday Symposium on 20th Century Paradigms for 21st Century Science, "The AIDS Paradigm: Scientific and Policy Lessons for the 21st Century", 1999 International Meeting of the Institute for Human Virology, Baltimore, MD, August 30, 1999.
- Invited Plenary Speaker, First International Congress on Cytokines/Chemokines in Infectious Diseases, "Host Factors in the Pathogenesis of HIV Disease", Bethesda, MD, Sept. 9, 1999.
- Keynote Speaker, the 2nd International Meeting of the Fondazione PISO on Scientific Research Towards the Third Millennium, "Host Factors in the Pathogenesis of HIV Disease", Cagliari, Sardinia-Italy, Oct. 9, 1999.
- Invited Special Lecture, Twelfth Cent Gardes Symposium, "Host Factors in the Pathogenesis of HIV Disease", Marnes-la-Coquette, France, Oct. 25, 1999.
- Plenary Speaker, XIII Annual Meeting of Associazione Nazionale per la Lotta Contro l'AIDS, "Host Factors in the Pathogenesis of HIV Disease", Rome, Italy, Nov. 28, 1999.
- Plenary Lecturer, 48th Annual Meeting of the American Society of Tropical Medicine and Hygiene, "Global Health, the NIAID, and the 21st Century", Washington, DC, Nov. 30, 1999.
- Invited Plenary Speaker, The 2000 National Conference on African-Americans and AIDS, "Principles of Antiretroviral Therapy", Washington, DC, Feb. 24, 2000.
- Invited Symposium Speaker, Symposium of Frontiers in Biomedical Research, "Host Factors in the Pathogenesis of HIV Disease", University of Pennsylvania, Department of Chemistry, Philadelphia, PA, March 15, 2000.
- Invited Speaker, Symposium on Challenges in Health Disparity in the New Millennium: A Call to Action, "The NIH Strategic Plan to Address Health Disparities", Washington, DC, April 19, 2000.
- Keynote Speaker, 9th Annual Meeting of the Canadian Conference on HIV/AIDS Research, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapeutic Strategies", Montreal, Canada, April 27, 2000.
- Presidential Address, Association of American Physicians, "The AIDS Model: Scientific and Policy Lessons for the 21st Century", Baltimore, MD, May 7, 2000.
- The Lloyd H. Smith, Jr. Lectureship in Medicine, The University of California, San Francisco Department of Medicine, "Pathogenic Mechanisms of HIV Disease: Considerations for Therapeutic Strategies", San Francisco, CA, May 11, 2000.

- Plenary Lecture, XIIIth International AIDS Conference, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapy", Durban, South Africa, July 11, 2000.
- Plenary Lecture, 38th Annual Meeting of the Infectious Diseases Society of America, "Infectious Diseases: Considerations for the 21st Century", New Orleans, LA, Sept. 7, 2000.
- Featured Speaker, First Annual Duke AIDS Research Dinner, "AIDS and Other Emerging Infections: Considerations for the 21st Century", Durham, NC, October 10, 2000.
- Plenary Speaker, First Annual Symposium of the Duke University Center for AIDS Research, "Pathogenic Mechanisms of HIV Disease: Implications for Therapy", Durham, NC, October 11, 2000.
- Eagleston Institute Keynote Address, 43rd Annual Biological Safety Conference of the American Biological Safety Association, "AIDS: Considerations for the 21st Century", Washington, DC, October 23, 2000.
- The 2000 Tibor Greenwalt Scientific Lecture of the American Association of Blood Banks, "AIDS: Considerations for the 21st Century", Washington, DC, November 5, 2000.
- Plenary Lecturer, National Minority Research Symposium, "AIDS: Considerations for Minorities in the 21st Century", Washington, DC, November 9, 2000.
- National Institutes of Health World AIDS Day Lecture, "AIDS: Domestic and Global Considerations for the 21st Century", Bethesda, MD, December 1, 2000.
- The 2000 Arthur Ashe Endowment Lecture in AIDS at the Weill Medical College of Cornell University, "AIDS: Domestic and Global Considerations for the 21st Century", New York, NY, December 14, 2000.
- Keynote Speaker, HIV DART 2000, Frontiers in Drug Development for Antiretroviral Therapies Symposium, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapeutic Strategies", San Juan, Puerto Rico, December 17, 2000.
- Invited Symposium Speaker, 8th Conference on Retroviruses and Opportunistic Infections, "HIV Reservoirs and the Long-Term Control of HIV Disease", Chicago, IL, February 6, 2001.
- Invited Plenary Lecturer, The 2001 National Conference on African-Americans and AIDS, "Drug Holidays, Structured Treatment Interruptions and Structured Intermittent Therapy", Washington, DC, February 19, 2001.
- Keynote Speaker, Annual Meeting of the Federation of Clinical Immunology Societies, "NIAID and Clinical Immunology: Considerations for the 21st Century", Boston, MA, May 4, 2001.
- Keynote Speaker, Tenth Annual Meeting of the NIAID International Centers for Tropical Disease Research (ICTDR), "NIAID and Global Health Research," Bethesda, MD, May 7, 2001.
- Plenary Lecture, Full Group Meeting of the HIV Vaccine Trials Network (HVTN), "NIAID and HIV Vaccine Research in the New Millennium," Arlington, VA, May 11, 2001.
- Invited Panel Speaker, The New Yorker Festival, "The Next Epidemic", New York, NY, May 19, 2001.
- Keynote Speaker, XIth Symposium on HIV Infection - AIDS 2001: Third Decade of an Odyssey, "Pathogenic Mechanisms of HIV Disease: Implications for Therapeutic Strategies", Toulon, France, June 14, 2001.
- Keynote Speaker, NIAID Symposium on Formulating a Comprehensive HIV/AIDS Research Agenda in Developing Countries, "NIH as a Partner in the Research Agenda in Developing Nations", Buenos Aires, Argentina, July 7, 2001.
- Invited Plenary Lecture, 1st International Conference on HIV Pathogenesis and Treatment, "Host Factors in the Pathogenesis of HIV Diseases: Implications for Therapeutic Strategies", Buenos Aires, Argentina, July 9, 2001.
- Invited Symposium Speaker, Annual Adult AIDS Clinical Trials Group Meeting, "International HIV Treatment Issues: The NIAID Perspective", Arlington, VA, July 15, 2001.
- Keynote Speaker, 20th Annual Meeting, American Society for Virology, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapy", Madison, WI, July 21, 2001.

- Symposium Speaker and Chairman, Session on HIV, 11th International Congress of Immunology, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapy", Stockholm, Sweden, July 23, 2001.
- Plenary Speaker, 2001 National HIV Prevention Conference, "Overview of HIV Prevention Research: Successes and Challenges", Atlanta, GA, August 13, 2001.
- Keynote Lecturer, AIDS Vaccine 2001 Annual Meeting, "NIAID and Vaccine Research: Science and Policy", Philadelphia, PA, Sept. 5, 2001.
- Special Lecturer, 2001 International Meeting of the Institute of Human Virology, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapy", Baltimore, MD, Sept. 10, 2001.
- Invited Lecturer, The Merck Vaccine Lecture Series, "Host Factors in the Pathogenesis of HIV Disease: Implications for Therapy", West Point, PA, Oct. 9, 2001.
- The 2001 Basic Science Lecture of the American Society of Cytopathology, "Bioterrorism: A Clear and Present Danger", Kansas City, MO, Nov. 8, 2001.
- The 26th Joseph Garland Lecture, sponsored by the Boston Medical Library, "Bioterrorism: A Clear and Present Danger", Boston, MA, Nov. 15, 2001.
- Keynote Address, Nineteenth Street Baptist Church Symposium on HIV/AIDS Challenges in the 21st Century, "AIDS: Domestic and Global Considerations for the 21st Century", Washington, DC, February 9, 2002.
- Invited Speaker, Food and Drug Law Institute Conference, Bioterrorism: Issues Impacting Food, Drug and Healthcare Law, "Bioterrorism: Defining a Research Agenda", Washington, DC, February 20, 2002.
- Keynote Address, 11th Annual Meeting of the American Institute for Medical and Biological Engineering, "Bioterrorism: A Clear and Present Danger", Washington, DC, March 1, 2002.
- Keynote Speaker, Annual Meeting of the Greater Washington Infectious Disease Society, "AIDS Update 2002," Washington, DC, March 16, 2002.
- Invited Speaker, FASEB Public Policy Symposium, Experimental Biology 2002, "Biodefense: Defining a Research Agenda", New Orleans, LA, April 21, 2002.
- Keynote Speaker, Annual Meeting of the American Philosophical Society, "Bioterrorism: A Clear and Present Danger", Philadelphia, PA, April 25, 2002.
- Invited Speaker, National Academy of Sciences Public Symposium on Science and Technology for Countering Terrorism, "Biodefense: Defining a Research Agenda", Washington, DC, April 30, 2002.
- Keynote Speaker, The New York Presbyterian Hospital/Weill Cornell Medical College/Columbia P & S Lecture Series on Revolutionizing Medicine in the 21st Century, "Bioterrorism: A Clear and Present Danger", New York, NY, May 7, 2002.
- Plenary Speaker, 4th World Congress on Tuberculosis, "TB and Global Health: Considerations for the 21st Century", Washington, DC, June 3, 2002.
- The 25th Alexander S. Wiener Lectureship, New York Blood Center, "Bioterrorism: A Clear and Present Danger", New York, NY, June 6, 2002.
- Invited Plenary Speaker, Symposium on Science, Health and Development: Achievements and Challenges in 100 Years of PAHO, "Infectious Diseases Research: Accomplishments, Challenges and Opportunities", Washington, DC, June 14, 2002.
- Invited Lecturer, The Second Century Series: Lectures in Science, Medicine and Public Health, the State of New York Department of Health, "Bioterrorism: A Clear and Present Danger", Albany, NY, June 25, 2002.
- Invited Speaker, American Enterprise Institute Forum on Vaccine Development and Biodefense, "The Importance of Public-Private Partnerships in Vaccine Research and Development, Washington, DC, June 27, 2002.
- The Morehouse School of Medicine Burroughs Welcome Fund Visiting Professorship Lecture, "AIDS: Considerations for the 21st Century", Atlanta, GA., Sept. 16, 2002.

- The 2002 ICAAC Award Lecture, 42nd Annual ICAAC Meeting, "Bioterrorism in the Spectrum of Emerging and Re-emerging Diseases", San Diego, CA, Sept. 29, 2002.
- The Maurice Hilleman Lecture at the Children's Hospital of Philadelphia, "AIDS Progress and Challenges, 2002: Pathogenesis, Treatment, Prevention, and Vaccinology", Philadelphia, PA, October 9, 2002.
- The Walter Rubin Memorial Lecture at Drexel University College of Medicine, "Bioterrorism: A Clear and Present Danger", Philadelphia, PA, October 9, 2002.
- Invited Symposium Speaker, Human Health Frontiers, Advancing Science Seminar series, AAAS, "Bioterrorism: Public Health, Biomedical Research and Policy Considerations", Washington, DC, October 15, 2002.
- Plenary Lecture, NIH Research Festival 2002, Biodefense: A New Mission, "Progress and Challenges in Biodefense Research", Bethesda, MD, October 16, 2002.
- Fourth Annual David A. Winston Lecture, National Press Club, "Bioterrorism: A Clear and Present Danger", Washington, DC, October 16, 2002.
- Keynote Speaker, Whitehead Institute Symposium on Biological Challenges to Humanity, "Bioterrorism in the Spectrum of Emerging and Re-emerging Infectious Diseases," Cambridge, MA, October 27, 2002.
- Keynote Speaker, 100th Anniversary Celebration of the Nobel Prize, Georgetown University, "Biodefense and Vaccines: Challenges and Opportunities", Washington, DC, November 1, 2002.
- Invited Plenary Lecture: The Robert G. Petersdorf Lecture, 2002 Annual Meeting of the Association of American Medical Colleges, "Bioterrorism: A Clear and Present Danger", San Francisco, CA, November 11, 2002.
- Keynote Speaker, 100th Anniversary Symposium of the Pan American Health Organization (PAHO), "The Role of Vaccinology in Emerging and Re-emerging Diseases: From HIV/AIDS to Bioterrorism", Washington, DC, November 25, 2002.
- Plenary Lecture, Federal Biodefense Research FY2003 Symposium, "Overview of NIH Biodefense Research Priorities, Programs, and Funding", Washington, DC, December 3, 2002.
- Invited Speaker, BIO Biotechnology Industry Organization Symposium, "NIAID Funding for Global Health Research: Engaging the Private Sector", Washington, DC, December 5, 2002.
- The Richard Schulof Memorial Lectureship, George Washington University Medical Center, "Bioterrorism: A Clear and Present Danger", Washington, DC, December 19, 2002.
- Invited Speaker, American Clinical Laboratory Association Annual Membership Meeting, "Bioterrorism and Biodefense: An Update," Washington, DC, January 14, 2003.
- Invited Plenary Lecture, 10th Conference on Retroviruses and Opportunistic Infections, "Pathogenic Mechanisms of HIV Disease: The Multifaceted Effects of Virus Replication and Viremia on the Host", Boston, MA, Feb. 13, 2003.
- Invited Speaker, Council of Foreign Relations/UNAIDS Roundtable on the Development Connection Between AIDS and Education, "Resource Allocation in Fighting HIV/AIDS and Promoting Education", Washington, DC, March 5, 2003.
- The Solomon A. Berson Memorial Lecture, The Mount Sinai 150th Anniversary Symposium, "Bioterrorism: A Clear and Present Danger", New York, NY, March 7, 2003.
- Invited Speaker, ASM Biodefense Research Meeting, "Development of Biodefense Countermeasures: Filling the Gaps", Baltimore, MD, March 9, 2003.
- Keynote Speaker, Annual Meeting of the Greater Washington Infectious Diseases Society, "Bioterrorism: A Clear and Present Danger", Bethesda, MD, March 22, 2003.
- Plenary Lecturer, American Dental Association Symposium, Dentistry's Role in Responding to Bioterrorism and Other Catastrophic Events, "Enhancing Prevention and Response: The Biodefense Research Agenda", Washington, DC, March 28, 2003.

- Keynote Speaker, 123rd Annual Meeting of the American Surgical Association, "Bioterrorism: A Clear and Present Danger", Washington, DC, April 25, 2003
- Plenary Lecture, 2003 American Transplant Congress, "NIAID Transplantation Research: Progress and Priorities", Washington, DC, June 3, 2003.
- Extraordinary Plenary Lecture, 2nd International AIDS Society Conference, "HIV and AIDS: 20 Years of Science", Paris, France, July 14, 2003.
- Plenary Speaker, AIDS Vaccine 2003 Meeting, "The Bumpy Road to an HIV Vaccine: Considerations in 2003 and Beyond", New York, NY, September 19, 2003.
- Special Lecturer, 2003 International Meeting of the Institute of Human Virology, "Pathogenic Mechanisms of HIV Disease: The Multi-Faceted Effects of Virus Replication and Viremia on the Host", Baltimore, MD, Oct. 1, 2003.
- Plenary Lecturer, NIH Clinical Center 50th Anniversary Scientific Symposium, "AIDS: Past, Present and Future," Bethesda, MD, Oct. 14, 2003.
- Featured Lecturer, Inauguration Celebration of the Eleventh President of Cornell University, "Emerging and Re-Emerging Diseases in the 21st Century," New York, NY, Oct. 15, 2003.
- Plenary Lecture, Federal Biodefense Research 2004 Conference, "NIH Biodefense Research: Progress and Priorities," Washington, DC, Nov. 12, 2003.
- The 16th Annual William D. Dolan, M.D. Lecture, Virginia Hospital Center, "Emerging and Re-emerging Infectious Diseases in the 21st Century, Arlington, VA, Nov. 20, 2003.
- Keynote Speaker, 2004 ASM Biodefense Research Meeting, "The NIAID Biodefense Research Agenda", Baltimore, MD, March 7, 2004.
- The Fourth Annual Sackler Lecturer, The Sackler Colloquium of the National Academy of Sciences (USA), "Vaccinology in the Era of Emerging and Re-Emerging Infectious Diseases", Washington, DC, April 1, 2004.
- Keynote Speaker, Clinical Research 2004, "Emerging and Re-emerging Infectious Diseases: Research challenges in the 21st Century", Chicago, IL, April 16, 2004.
- Keynote Speaker, World Vaccine Congress 2004, "The Role of the U.S. Government in Vaccine Development", Montreal, Canada, April 27, 2004.
- Featured Speaker, 10th National Symposium on Basics Aspects of Vaccines, "Vaccinology in the Era of Emerging and Re-Emerging Infectious Diseases", Bethesda, MD, April 28, 2004.
- Paul Ramsey Michael Lecture, Vanderbilt University Medical Center, "Emerging and Re-Emerging Diseases: Considerations for the 21st Century", Nashville, TN, May 27, 2004.
- Special Lecture, XV International AIDS Conference, "Pathogenic Mechanisms of HIV Disease: The Role of Viral Replication and Immune Activation," Bangkok, Thailand, July 15, 2004.
- Plenary Lecture, 12th International Congress of Immunology and 4th Annual Conference of FOCIS, "Pathogenic Mechanisms of HIV Disease: The Role of Viral Replication and Immune Activation", Montreal, Canada, July 20, 2004.
- Plenary Speaker, AIDS Vaccine 2004, "U.S. Government Efforts in HIV Vaccine Development: Commitment, Cooperation and Collaboration," Lausanne, Switzerland, Aug. 30, 2004.
- Plenary Speaker, International Congress on Military Medicine, "Emerging and Re-emerging Infectious Diseases: A Perpetual Challenge", Crystal City, VA, Sept. 15, 2004.
- Plenary Speaker, 42nd Annual Meeting of the Infectious Diseases Society of America, "Emerging and Re-Emerging Infectious Diseases: A Perpetual Challenge", Boston, MA, Sept. 30, 2004.
- Keynote Speaker, Research America Symposium on Partners in Finding Better Ways to Protect and Promote Your Health: Academia, Industry & Government, "The Importance of Cross-Sector Partnerships in Biomedical Research", Keck School of Medicine, University of Southern California, Los Angeles, CA, Oct. 25, 2004.

- Special Lecture, 2004 Annual International Meeting of the Institute of Human Virology, "Pathogenic Mechanisms of HIV Disease: The Role of Viral Replication and Immune Activation," Baltimore, MD, Nov. 1, 2004.
- Invited Symposium Speaker, Symposium on Globalization and AIDS Vaccine Development, "AIDS Vaccine Research and Development: The Way Forward", 2005 American Association for the Advancement of Science (AAAS) Annual Meeting, Washington, DC, Feb. 21, 2005.
- Invited Plenary Speaker, Policy Forum on "The Global Challenge of Infectious Diseases: The Evolving Role of NIH in Basic and Clinical Research", 12th Conference on Retroviruses and Opportunistic Infections (CROI), Boston, MA, Feb. 23, 2005.
- Keynote Speaker, 2005 ASM Biodefense Research Meeting, "Pandemic Influenza: Threat and Preparedness," Baltimore, MD, March 23, 2005.
- 20th Annual Harry A. Feldman Lecture, 78th Annual Meeting, American Epidemiological Society, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," Baltimore, MD, March 24, 2005.
- Special Lecture, American University Department of Biology Distinguished Speaker Series, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge", Washington, DC, April 7, 2005.
- The Robert H. Ebert Memorial Lecture on Academic Medicine and the Public Interest, The Association of American Medical Colleges, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge", Santa Fe, NM, April 9, 2005.
- The Alpha Omega Alpha Lectureship, University of Maryland School of Medicine, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health", Baltimore, MD, April 27, 2005.
- Distinguished Lectureship, Fred Hutchinson Cancer Research Center, "Pathogenesis of HIV Disease: Role of Viral Replication and Immune Activation", Seattle, WA, April 29, 2005.
- Special Lecture in honor of John G. Bartlett, M.D., 50th Annual Topics in Clinical Medicine Course, Johns Hopkins University, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," Baltimore, MD, May 4, 2005.
- The Luther Terry Lectureship of the Commissioned Officers Association of the USPHS, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health", Philadelphia, PA, June 6, 2005.
- Keynote Speaker, AIDS Vaccine 2005 Meeting, "AIDS Vaccine Research: A Perspective from the U.S. National Institutes of Health", Montreal, Canada, Sept., 6, 2005.
- 2005 Baruj Benacerraf Lecturer in Immunology, Dana-Farber Cancer Institute, Harvard Medical School, "Pathogenic Mechanisms of HIV Disease: The Role of Viral Replication and Immune Activation," Boston, MA, Oct. 26, 2005.
- Symposium Speaker, Diversity and Community in American Life, Department of Education, University Of Maryland, "Preparing for Pandemic Influenza: A Public Health Imperative", College Park, MD, Nov. 16, 2005.
- Opening Plenary Lecturer, 54th Annual Meeting of the American Society of Tropical Medicine and Hygiene, "International Health and Tropical Infectious Diseases Research: An NIAID Perspective", Washington, DC, Dec. 11, 2005.
- Lecturer, The Tosteson Health Policy Lecture Series, Harvard Medical School, Department of Health Care Policy, "The Threat of Pandemic Influenza and Other Emerging Infectious Diseases: The Research Agenda", Boston, MA, Dec. 12, 2005.
- Plenary Lecturer, Symposium on Human Health and Animal Disease: An Epidemiologic Collision, University of Michigan School of Public Health, "Emerging and Re-Emerging Infectious Diseases: NIH Priorities", Ann Arbor, MI, Jan. 24, 2006.

- Plenary Speaker, Infectious Diseases Society of America (IDSA) Symposium on Seasonal & Pandemic Influenza, "Seasonal and Pandemic Influenza Preparedness: Science and Countermeasures", Washington, DC, Feb. 1, 2006.
- Keynote Address, American Society for Microbiology (ASM) Biodefense Meeting, "Biodefense and Pandemic Influenza: The Research and Public Health Interface", Washington, DC, Feb. 15, 2006.
- Invited Plenary Speaker, The Trust for America's Health and Fleishman Hillard Forum on Business and Influenza Preparedness, "Pandemic Influenza Preparedness: Public Health and Scientific Considerations", National Press Club, Washington, DC, Feb. 28, 2006.
- Keynote Lecture, Inaugural Global Health Symposium, Global Health Institute, Duke University Medical Center, "Global Health and Emerging Infections: Challenges for the 21st Century", Durham, NC, April 17, 2006.
- Plenary Lecturer, 119th Annual Meeting of the Association of American Physicians/American Society for Clinical Investigation, "Seasonal and Pandemic Influenza: Scientific and Public Health Considerations", Chicago, IL, April, 29, 2006.
- The Joseph Leiter NLM/MLA Lecture, "Pandemic Influenza and Other Emerging Infectious Diseases: Public Health Threat and the Research Agenda", Bethesda, MD, May 10, 2006.
- Invited Symposium Speaker, AAI Public Affairs Symposium on Pandemics and Bioterrorism: Why Immunology Research May Save the World, "Biodefense and Pandemic Preparedness: The Research Agenda", Boston, MA, May 14, 2006.
- Invited Panel Speaker, Special Session on "25 Years of AIDS: Reflecting Back and Looking Forward", 16th International AIDS Conference, Toronto, Canada, Aug. 16, 2006.
- Featured Speaker, Opening Ceremony, AIDS Vaccine 2006 Meeting, "An HIV Vaccine: Will it Ever Fit the Classical Paradigm?", Amsterdam, The Netherlands, Aug. 29, 2006.
- The Roselyn Payne Epps, M.D. Lecture in Pediatrics and Child Health, Howard University, "Seasonal and Pandemic Influenza: Scientific and Public Health Challenges", Washington, DC, Sept.15, 2006.
- Keynote Speaker, Catholic University Biology Department Research Seminar, "Biodefense and Pandemic Influenza: The Research and Public Health Interface", Washington, DC, September 22, 2006.
- Keynote Lecture, International Association of Physicians for AIDS Care (IAPAC) Annual Meeting, "A Decade of HAART: Historical Perspectives, Successes and Failures, and Future Considerations", San Francisco, CA, Sept. 25, 2006.
- Keynote Speaker, The Commonwealth Club of California, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge", San Francisco, CA, Sept. 25, 2006.
- Keynote Address, 46th Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC), "AIDS: The Next 10 Years", San Francisco, CA, Sept. 27, 2006.
- Keynote Speaker, 2nd Annual Grand Challenges in Global Health Meeting, "Global Health and Infectious Diseases Research: An NIAID Perspective", Washington, DC, Oct. 4, 2006.
- Lectura Magistralis (Keynote Speaker), International Symposium on The Avian and Human Influenza Pandemics: A New Global Health Challenge of the Third Millennium, under the auspices of The Italian Embassy, The Embassy of France, and The European Commission Delegation to the USA, "The Role of NIH Research in Seasonal and Pandemic Influenza Preparedness", Washington, DC, October 6, 2006.
- Keynote Lecture, 2006 Mid-Atlantic BIO Meeting, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge", Washington, DC, Oct. 11, 2006.
- Keynote Lecture, Homeland Defense Journal Training Conference, "Pandemic Influenza: Scientific and Public Health Challenges", Arlington, VA, Oct. 11, 2006.
- Plenary Speaker, George Washington University Symposium on Rapid Impact: Integrating the Neglected Diseases with Malaria and HIV/AIDS Control, "Neglected Tropical Diseases: The NIAID Research Response", Washington, DC, Oct. 26, 2006.

- The Tenth Annual Julius B. Richmond Award Lecture, "Seasonal and Pandemic Influenza: Scientific and Public Health Preparedness", Harvard School of Public Health, Boston, MA, Oct. 30, 2006.
- Keynote Speaker, District of Columbia Hospital Association Annual Banquet, "Seasonal and Pandemic Influenza Preparedness: Science and Public Health Considerations", Washington, DC, Nov. 9, 2006.
- The Paul Klemperer Memorial Lectureship of the American College of Rheumatology, "Emerging and Re-Emerging Infectious Diseases: A Perpetual Challenge", Washington, DC, Nov. 12, 2006.
- The Maurice Hilleman Memorial Lecture of the Institute of Human Virology, "Immunopathogenic Mechanisms of HIV Disease: Role of B Lymphocytes," Baltimore, MD, Nov. 19, 2006.
- Keynote Lecture, Symposium on Opportunities for Improving HIV Diagnosis, Prevention and Access to Care in the United States, "The Pathogenesis of HIV Disease: Opportunities for New Prevention Interventions," Washington, DC, Nov. 29, 2006.
- Special Lecture in Infectious Diseases, 65th Annual Meeting of the American Academy of Dermatology, "25 Years of AIDS," Washington, DC, Feb. 3, 2007.
- Invited Symposium Speaker, 2007 Annual Meeting of the American Association for the Advancement of Science, "HIV/AIDS: 25 Years and Counting," San Francisco, CA, Feb. 17, 2007.
- Robert Cooke Memorial Lecture at the 2007 Annual Meeting of the American Academy of Allergy, Asthma and Immunology, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," San Diego, CA, Feb. 24, 2007.
- Keynote Speaker, 2007 Annual Meeting of the Clinicopathological Society of Washington, DC, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health" Washington, DC, April 19, 2007.
- Plenary Speaker, Uniformed Services University of the Health Sciences Research Week Symposium, "HIV/AIDS: Much Accomplished, Much to Do", Bethesda, MD, May 16, 2007.
- Featured Speaker, Special Session of the American Association of Immunologists (AAI) Committee on Public Affairs: "Meet the Directors: NIH Priorities, Funding, and You," 94th Annual Meeting of the AAI, "NIAID-Sponsored Research: Challenges and Opportunities," Miami Beach, FL, May 20, 2007.
- President's Lecture, Annual Meeting of the College on the Problems of Drug Dependence, "HIV/AIDS in 2007: Progress and Priorities," Quebec City, Canada, June 17, 2007.
- Special Lecture, 144th American Veterinary Medical Association Annual Convention, "Avian Influenza and the Challenge of Emerging and Re-Emerging Infectious Diseases," Washington, DC, July 17, 2007.
- Opening Session Plenary Lecture, 4th IAS Conference on HIV Pathogenesis, Treatment and Prevention, "HIV/AIDS in 2007: Much Accomplished, Much to Do," Sydney, Australia, July 22, 2007.
- Plenary Lecturer, HHS Public Health Emergency Medical Countermeasures (PHEMC) Enterprise Stakeholders' Workshop, "National Institutes of Health's CBRN Medical Countermeasure Activities," Washington, DC, July 31, 2007.
- Opening Session Plenary Lecture, AIDS Vaccine 2007, "AIDS Vaccine 2007: Much Accomplished, Much to Do," Seattle, WA, August 20, 2007.
- Plenary Speaker, 3rd Annual Meeting and Retreat of the Center for HIV/AIDS Vaccine Immunology (CHAVI), "HIV/AIDS in 2007: Much Accomplished, Much to Do," Durham, NC, Sept. 30, 2007.
- Panel Speaker, Stopping the Super Bugs, Aspen Health Forum, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Public Health," Aspen, CO, Oct. 5, 2007.
- Keynote Speaker, HIV and the World, Aspen Health Forum, "HIV/AIDS in 2007: Much Accomplished, Much to Do," Aspen, CO, Oct. 5, 2007.
- Keynote Speaker, 132nd Annual Meeting of the American Neurological Association, "HIV/AIDS in 2007: Much Accomplished, Much to Do," Washington, DC, Oct. 8, 2007.
- The University of Iowa 2007 Distinguished Mentor Lecture (Awarded to Dr. Gary Hunninghake), "HIV/AIDS in 2007: Much Accomplished, Much To Do," Iowa City, IA, Oct. 9, 2007.

- Keynote Panel Speaker, Symposium on Global Health in the 21st Century: A Road Map for International Collaboration, "HIV/AIDS and other Emerging/Re-Emerging Infectious Diseases: Challenges and Opportunities," The Italian Embassy, Washington, DC, Oct. 11, 2007.
- The Sheldon M. Wolff Memorial Lectureship, "HIV/AIDS in 2007: Much Accomplished, Much to Do," Tufts University School of Medicine, Boston, MA, Oct. 19, 2007.
- Keynote Speaker, HIV/AIDS Research at the National Cancer Institute: a Record of Sustained Excellence Conference, "HIV/AIDS: Much Accomplished, Much to Do," Bethesda, MD, Nov. 2, 2007.
- Plenary Lecturer, Seventh Annual Harvard Business School Health Conference, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," Boston, MA, Nov. 3, 2007.
- Keynote Speaker, Annual Fall Dinner of the Association of Independent Schools of Great Washington, "Our Responsibilities as World Citizens: Looking Through the Lens of Global Health", McLean, VA, Nov. 8, 2007.
- Keynote Speaker, Human Rights Week Symposium, Johns Hopkins Bloomberg School of Public Health, "HIV/AIDS: Much Accomplished, Much to Do," Baltimore, MD, Dec. 6, 2007.
- Keynote Speaker, National Academies of Science Graduate Student Conference, "The HIV/AIDS Pandemic: Reflecting Back and Looking Forward," Washington, DC, Jan. 4, 2008.
- Keynote Speaker, Annual Meeting of the American Historical Association, "The HIV/AIDS Pandemic: Reflecting Back and Looking Forward", Washington, DC, Jan. 4, 2008.
- Plenary Speaker, Health Action 2008 Conference, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," Washington, DC, Jan. 25, 2008.
- The Merle Sande Memorial Lecture, Gladstone Institute of Virology and Immunology, "HIV/AIDS in 2008: Progress and Challenges," San Francisco, CA, Feb. 8, 2008.
- Medicine Grand Rounds Lecture, Inova Fairfax Hospital, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health," Falls Church, VA, Feb. 19, 2008.
- Special Lecture, University of Chicago (Biological Sciences), "HIV/AIDS in 2008: Much Accomplished, Much to Do," Chicago, IL, Feb. 20, 2008.
- Keynote Speaker, Infectious Diseases Summit, Academic Alliance Foundation, "HIV/AIDS in 2008: Much Accomplished, Much to Do," Washington, DC, March 13, 2008.
- Panelist, Panel on Accelerating Change, Chair: Charlie Rose, Infectious Diseases Summit, Academic Alliance Foundation, Washington, DC, March 13, 2008.
- Invited Panelist, The Institute of Medicine (IOM) Committee on the U.S. Commitment to Global Health, "The Research Path," Washington, DC, March 24, 2008.
- The Inaugural Adel Mahmoud Lectureship, Princeton University, "HIV/AIDS in 2008: Much Accomplished, Much to Do," Princeton, NJ, April 1, 2008.
- Invited Panelist, Symposium on No Country Left Behind: Transforming Global Health, Princeton University, Woodrow Wilson School of Public and International Affairs, Princeton, NJ, April 1, 2008.
- Special Lecturer, Department of Molecular Biology, Princeton University, "Biomedical Research and Public Service: Reflections on a Career at the National Institutes of Health," Princeton, NJ, April 2, 2008.
- Keynote Address, 5th Annual Meeting, Regional Centers of Excellence for Biodefense and Emerging Infectious Diseases, "RCE: Major Investments, Major Returns," Chicago, IL, April 6, 2008.
- Invited Panelist, Panel on "The Future of Life: Health, Technology and Science in the New Millennium", Milken Institute, Global Conference 2008, Los Angeles, CA, April 28, 2008.
- Invited Panelist, Panel on "Global Health: In an Interconnected World, Failure is Not an Option", Milken Institute, Global Conference 2008, Los Angeles, CA, April 28, 2008.
- Invited Speaker, 161st Annual Meeting, American Psychiatric Association, "HIV/AIDS in 2008: Much Accomplished, Much to Do", Washington, DC, May 5, 2008.

- Symposium Lecturer, 25 Years of HIV, "α4β7: A Newly Discovered Receptor for HIV", Institut Pasteur, Paris, France, May 20, 2008.
- Keynote Address to the 2008 United Nations General Assembly High-Level Meeting on HIV/AIDS, New York, NY, June 10, 2008.
- Keynote Address, 15th International Symposium on Infections in the Immunocompromised Host, "HIV/AIDS in 2008: Much Accomplished, Much to Do", Thessaloniki, Greece, June 23, 2008.
- Keynote Lecture, Aspen Ideas Festival, "HIV/AIDS in 2025: Will We Have a Vaccine and a Cure by Then?" Aspen, CO, July 3, 2008.
- Invited Speaker, Center for Strategic and International Studies (CSIS) Conference on HIV/AIDS, "Scientific/Technological Advances in HIV Therapeutics, Diagnostics, and Vaccines", Washington, DC, July 15, 2008.
- Keynote Address, XVIIth International AIDS Society (IAS) AIDS Conference, "Looking to the Future: New Directions in HIV/AIDS Research", Mexico City, Aug. 6, 2008.
- Keynote Speaker, McCloskey Lecture Series, The Aspen Institute, "The AIDS Era: A Historical Perspective", Aspen, CO, Aug. 12, 2008.
- Special Lecturer, 11th Annual Institute for Human Virology International Meeting, "α4β7: A Newly Discovered Receptor for HIV", Baltimore, MD, Sept. 12, 2008.
- Keynote Address, 2008 Advanced Course in Immunology, Gaslini Institute, "α4β7: A Newly Discovered Receptor for HIV", Genoa, Italy, Sept. 23, 2008.
- The Inaugural Ben Kean Lectureship of The New York-Presbyterian Hospital Weill Cornell Medical Center, "Infectious Diseases and Global Health: Challenges and Opportunities", New York, NY, Oct. 2, 2008.
- Keynote Address, Sixth Sino-U.S. Symposium on Medicine in the 21st Century, "The U.S. Commitment to Global Health: The Research Path", Baltimore, MD, Oct. 10, 2008.
- Keynote Address, AIDS Vaccine 2008 Conference, "HIV Vaccines: Science and Policy", Cape Town, South Africa, Oct. 14, 2008.
- 2008 Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC) Lecturer, "Global Health and Infectious Diseases: A Look to the Future", Washington, DC, Oct. 26, 2008.
- The Inaugural Leo Evers Lectureship of the New York University School of Medicine, "Global Health and Infectious Diseases: A Perpetual Challenge", New York, NY, Oct. 29, 2008.
- Keynote Address, Institute of Medicine Workshop on Addressing the Threat of Drug Resistant TB, "The Research Path to Tuberculosis Control: An NIH Perspective", Washington, D.C, Nov. 5, 2008.
- The 19th Annual Gertrude and Herman Silver Lecture of the Children's Hospital of Philadelphia, "HIV/AIDS in 2009: Much Accomplished, Much to Do", Philadelphia, PA, Jan. 7, 2009.
- Keynote Speaker, Fourth Annual Harvard Medical School Student AIDS Conference, HIV/AIDS: Priorities for the Obama Administration, "HIV/AIDS: Progress and Priorities", Boston, MA, Jan. 23, 2009.
- The 2009 Jeryl Lynn Hilleman Endowed Lecture of the CDC Foundation delivered at the 43rd National Immunization Conference, "Vaccinology in the 21st Century: Classical Approaches and New Paradigms", Dallas, TX, Mar. 30, 2009.
- Invited Speaker, International AIDS Society–USA CME Course, "Early Events in HIV Infections: Implications for Pathogenesis, Prevention, and Treatment", Washington, DC, May 8, 2009.
- Invited Speaker, Symposium on 25 Years After Discovering HIV as the Cause of AIDS, "HIV/AIDS, 1985-2009: The Evolution of the Science", Baltimore, MD, May 9, 2009.
- Plenary Address, Capitol Hill Conference, Future Directions in the Fight against HIV/AIDS, "HIV/AIDS in 2009: Much Accomplished, Much to Do", Washington, DC, May 13, 2009.
- Keynote Speaker, Pacific Health Summit, "Tuberculosis: State of the Science and the NIH Research Agenda", Seattle, WA, June 17, 2009.

- Keynote Speaker, NIH Oxford – Cambridge Scholars Program, “Reflections on a Career at the National Institutes of Health”, The Cloisters at NIH, Bethesda, MD, June 18, 2009.
- Invited Speaker, CSIS Global Health Policy Center Forum on Learning to Live in a World with the H1N1 Pandemic, “2009 H1N1 Pandemic Preparedness: Science and Countermeasures”, Washington, DC, June 30, 2009.
- Invited Speaker, H1N1 Flu Preparedness Summit, National Institutes of Health, Bethesda, MD, July 9, 2009.
- Keynote Speaker, TB/HIV at IAS 2009 Conference: Catalyzing HIVT/TB Research: Innovation, Funding and Networking, “Research on TB and HIV/AIDS: Progress and Challenges”, Cape Town, South Africa, July 18, 2009.
- Invited Speaker, 5th IAS Conference on HIV Pathogenesis, Treatment and Prevention, Special Session on Global HIV Research and Policy and Programme Implementation Under the New United States Administration, “U.S.-Supported HIV/AIDS Research on Pathogenesis, Treatment and Prevention: Science and Policy”, Cape Town, South Africa, July 20, 2009.
- Invited Speaker and Panelist, Aspen Health Forum 2009, plenary session, “The Big Idea: Sex”, Aspen, CO, July 24, 2009.
- Invited Speaker and Panelist, Aspen Health Forum 2009, session on “Making the Most of the Science Stimulus”, Aspen, CO, July 25, 2009.
- Invited Speaker and Panelist, Aspen Health Forum 2009, session on “Strain on the System: Swine Flu and the Public Health Response”, Aspen, CO, July 25, 2009.
- Invited Speaker and Panelist, Aspen Health Forum 2009, session on “Vaccine Wars: Doctors versus Pathogens”, Aspen, CO, July 26, 2009.
- Plenary Lecturer, Annual Meeting of the Navy Chapter of the American College of Physicians, “HIV/AIDS in 2009: Much Accomplished, Much to Do”, Bethesda, MD, October 9, 2009.
- 2009 Richard C. Parker Memorial Lecture, Department of Microbiology and Immunology, Columbia University, “ $\alpha\beta 7$: A Newly Recognized Receptor for HIV and Its Role in HIV Pathogenesis”, New York, NY, October 14, 2009.
- Closing Plenary Speaker, AIDS Vaccine 2009 Conference, “HIV Vaccinology: What Does the Future Hold?”, Paris, France, Oct. 22, 2009.
- Opening Plenary Address, 27th Annual Symposium on Nonhuman Primate Models for AIDS, “HIV/AIDS in 2009: Science and Policy”, Boston, MA, Oct. 28, 2009.
- Invited Speaker, Health Affairs Symposium: Meeting HIV/AIDS Costs -- The Global Response, “Improving the Response: Advancing the Science of Prevention and Treatment”, Washington, DC, Nov. 10, 2009.
- Keynote Address, Accordia Global Health Foundation Symposium, “The Globalization of Infectious Diseases Research”, New York, NY, Nov. 17, 2009.
- Keynote Lecturer, The Center for Strategic and International Studies (CSIS) and International AIDS Society (IAS) Symposium on The Future of Global HIV Treatment and Prevention, “HIV Therapy and Prevention: An Update”, Washington, DC, Dec. 14, 2009.
- The Bulfinch Lecture at Massachusetts General Hospital, “Seasonal and Pandemic Influenza: The Perpetual Public Health Challenge,” Boston, MA, Jan. 28, 2010.
- Opening Plenary Lecture: Research Strategy – 17th Conference on Retroviruses and Opportunistic Infections (CROI), “The HIV/AIDS Research Agenda: A View from NIAID”, San Francisco, CA, Feb, 16, 2010
- Opening Keynote Address, Emory University/University of Georgia Conference on Swine Origin H1N1 Virus: The First Pandemic of the 21st Century, “Seasonal and Pandemic Influenza: the Perpetual Public Health Challenge”, Atlanta, GA, April 18, 2010.
- The John P. McGovern Award Lecture, The Cosmos Club, “Emerging and Re-Emerging Infectious Diseases: The Perpetual Global Health Challenge”, Washington, DC, April 26, 2010.

- Invited Speaker, Annual Meeting of the American Association of Immunologists, Symposium on Big Funding + Big Opportunities = Big Science? NIH Priorities in the Post-Stimulus Era, "Immunology Research at the National Institute of Allergy and Infectious Diseases", Baltimore, MD, May 8, 2010.
- Keynote Address, 2010 Annual Meeting of the Federation of Clinical Immunology Societies (FOCIS), "HIV Vaccinology: What Does the Future Hold?" Boston, MA, June 24, 2010.
- Keynote Speaker, 2010 International Conference on Emerging Infectious Diseases, "Emerging Infectious Disease: A Perpetual Challenge", Atlanta, GA, July 11, 2010.
- Plenary Lecturer, 18th International AIDS Conference, "New Concepts in HIV/AIDS Pathogenesis: Implications for Interventions", Vienna, Austria, July 20, 2010.
- Keynote Lecturer, AIDS Vaccine 2010 Conference, "The Path to an HIV Vaccine: Follow the Science", Atlanta, GA, Sept. 28, 2010.
- Panel Speaker, Global Health, Infectious Diseases, Microbiology Interest Group, "The Global Health Initiative: Role of the NIAID Research Agenda", 40th Annual Meeting of the Institute of Medicine, Washington, DC, Oct. 10, 2010.
- Opening Plenary Lecture, 48th Annual Meeting of the Infectious Diseases Society of America, "Research and Development of Countermeasures for Infectious Diseases Threats to Global Health: The Way Forward", Vancouver, British Columbia, Oct. 21, 2010.
- Keynote Lecturer, Joint Session, Keystone Symposium on Immunological Mechanisms of Vaccination and Grand Challenges in Global Health, "Challenges in Vaccinology: A Tale of Three Diseases", Seattle, WA, Oct. 27, 2010.
- The Inaugural Dame Jillian Sackler Distinguished Lecture, "Infectious Diseases and Global Health: Challenges and Priorities", New York, NY, Nov. 4, 2010.
- The Inaugural Joseph E. Murray, M.D. Lectureship in Medicine, College of the Holy Cross, "Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health", Worcester, MA, Nov. 8, 2010.
- Keynote Speaker, Symposium on Global Health Solutions through Science and Technology, The George Washington University, "Addressing Infectious Diseases of Global Health Importance: The Research Path", Washington, DC, Nov. 10, 2010.
- Keynote Address, 2010 National Summit on HIV Diagnosis, Prevention and Access to Care, "Addressing the Challenges of HIV/AIDS: The Research Path", National Harbor, MD, Nov. 19, 2010.
- The Victor J. Dzau Lecture on Global Health, The Brigham and Women's Hospital, "Thirty Years of HIV/AIDS: A Personal Journey", Boston, MA, Dec. 17, 2010.
- Keynote Speaker, Keystone Symposium, Joint Sessions on Mycobacteria: Physiology, Metabolism and Pathogenesis -- Back to Basics and Tuberculosis: Immunology, Cell Biology and Novel Vaccination Strategies, "Tuberculosis Research in 2011: Major Challenges and Unprecedented Opportunities", Vancouver, British Columbia, Jan. 15, 2011.
- Keynote Lecture, NIAID Dengue Research Conference, "Dengue: A Re-emerging Challenge to Global Health", San Juan, Puerto Rico, Feb. 16, 2011.
- Invited Speaker, Plenary Panel on Biosecurity, 2011 Annual Meeting of the American Association for the Advancement of Science, "Countering Biological Threats to Human Health: A Balanced Approach", Washington, DC, Feb. 20, 2011.
- The Solomon A. Berson Memorial Lecture, Mount Sinai Medical Center: "30 Years of HIV/AIDS: A Personal Journey", New York, NY, April 12, 2011.
- 2nd Annual Former AFMR/AFCR President's Address, Eastern Regional Meeting of the American Federation for Medical Research, "30 Years of HIV/AIDS: A Personal Journey", Washington, DC, April 26, 2011.
- Keynote Speaker, 36th Annual AAAS Forum on Science and Technology, "30 Years of HIV/AIDS: A Personal Journey", Washington, DC, May 6, 2011.
- Special NIH Lecture, "Thirty Years of HIV/AIDS: A Personal Journey," Bethesda, MD, May 31, 2011.

- Keynote Speaker, State of the Science Address, Pacific Health Summit, “Vaccines: The State of the Science”, Seattle, WA, June 22, 2011.
- Plenary Lecture, 6th International AIDS Society (IAS) Conference on HIV Pathogenesis, Treatment and Prevention, “Thirty Years of HIV/AIDS: A Scientific Journey and Look to the Future”, Rome, Italy, July 18, 2011.
- The Hertog Lecture of the Columbia University Department of History, “30 Years of HIV/AIDS: A Personal Journey”, New York, NY, August 4, 2011.
- Plenary Address, Georgetown University Global Health Seminar Series, “30 Years of HIV/AIDS: A Scientific Journey and Look to the Future”, Washington, DC, Sept. 7, 2011.
- Keynote Lecture, The National Summit on HIV/AIDS, The Forum for Collaborative HIV Research, “30 Years of HIV/AIDS: A Personal Journey”, Washington, DC, Sept. 22, 2011.
- Keynote Lecture, Bill & Melinda Gates Foundation Malaria Forum, “Malaria Research: State of the Science” (videotaped), Seattle, WA, Oct. 18, 2011.
- Special Lecture, 13th Annual International Meeting of the Institute of Human Virology, “Ending the HIV/AIDS Pandemic: A Realistic Goal”, Baltimore, MD, Oct. 31, 2011.
- Keynote Lecture, Johns Hopkins Medicine Distinguished Speaker Series, “Emerging and Re-Emerging Infectious Diseases: The Perpetual Challenge to Global Health”, Johns Hopkins School of Medicine, Baltimore, MD, Nov. 7, 2011.
- Keynote Lecture, 2011 Caribbean HIV Conference, “Thirty Years of HIV/AIDS: A Scientific Journey and Look to the Future”, Nassau, The Bahamas, Nov. 19, 2011.
- Perspective Lecture, Harvard AIDS at 30 International Symposium, “Is an HIV Vaccine Possible?”, Harvard School of Public Health, Boston, MA, Dec. 2, 2011.
- Keynote Lecture, Center for Strategic and International Studies (CSIS) Conference on the Strategic Power of Vaccines, “Vaccinology: Considerations for the 21st Century,” Washington, DC, Dec. 9, 2011.
- Invited Speaker, TB Alliance “Cure All” event for World TB Day 2012, “Tuberculosis Research: State of the Science,” Washington, DC, March 19, 2012.
- The 16th Thomas C. Merigan Jr. Lecture, Stanford University School of Medicine, “Ending the HIV/AIDS Pandemic: A Realistic Goal,” Stanford, CA, April 18, 2012.
- Symposium Speaker, Dialogues in Medicine Symposium, 200th Anniversary of the New England Journal of Medicine, Panel on HIV/AIDS, Boston, MA, June 22, 2012.
- Plenary Lecture, 19th International AIDS Conference, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation,” Washington, DC, July 23, 2012.
- Plenary Lecture, AIDS Vaccine 2012, “An HIV Vaccine in the Context of a Combination Non-Vaccine Prevention Program,” Boston, MA, Sept. 10, 2012.
- Panel Member, World Leaders Forum, “A Future Without HIV/AIDS: Dream or Reality?”, Columbia University, New York, NY, Sept. 27, 2012.
- Guest Lecturer, The University of Witwatersrand, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Johannesburg, South Africa, Oct. 8, 2012.
- Featured Speaker, Scientific Symposium for the Official Opening of the KwaZulu Natal Research Institute for TB and HIV (K-RITH), “TB and HIV: Bridging the Gap between Basic Science and Clinical Research”, Durban, South Africa, Oct. 10, 2012.
- The 2012 Martin Delaney Memorial Lectureship, Annual Meeting of the Institute of Human Virology, “Ending the HIV/AIDS Pandemic: Research and Implementation”, Baltimore, MD, Oct. 16, 2012.
- Keynote Speaker, 15th Anniversary Symposium Forum on Microbial Threats, “Research Response to Emerging Infectious Diseases: An NIAID perspective,” Institute of Medicine, Washington, DC, Dec. 11, 2012.
- The Thomas J. Matthews Lecture, Duke University Medical Center, “Ending the HIV/AIDS Pandemic: from Scientific Advances to Public Health Implementation,” Durham, NC, Jan. 31, 2013.

- 2013 Weill Cornell Medical School Global Health Lecture, “HIV/AIDS: A Look to the Future”, New York, NY, April 3, 2013.
- 2nd Annual Gilbert Omenn Lecture in Science Policy, Woodrow Wilson School of Public and International Affairs, Princeton University, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Princeton, NJ, April 17, 2013.
- Keynote Speaker, American Association of Immunologists Annual Meeting, Special Centennial Symposium, “Three Decades of HIV/AIDS Science and Policy: A Personal Journey”, Honolulu, HI, May 6, 2013.
- Keynote Lecturer, Institut Pasteur Symposium on 30 Years of HIV Science: Imagine the Future, “The Science of HIV/AIDS: Much Accomplished, Much to Do”, Paris, France, May 21, 2013.
- Keynote Address, 2013 STI and AIDS World Congress, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Vienna, Austria, July 14, 2013.
- Keynote Speaker, Cell-Lancet Translational Medicine Conference on What Will It Take to Achieve and AIDS-Free World? --“Achieving an AIDS-Free World: Scientific Advances and Public Health Implementation”, San Francisco, CA, Nov. 3, 2013.
- The Eighth Unither Baruch Blumberg Lecture, University of Oxford, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Oxford, England, November 13, 2013.
- The Robert Koch Gold Medal Lectureship of the Max Planck Institute for Infection Biology, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Berlin, Germany, November 14, 2013.
- Public Lecture, Princeton University, Woodrow Wilson School of Public and International Affairs, “Pandemic Influenza: The Perpetual Challenge”, Princeton, NJ, April 8, 2014.
- Featured Speaker, Association of American Physicians Annual Banquet, “The HIV/AIDS Saga: Science and Policy”, Chicago, IL, April 26, 2014.
- The 12th Annual Neal Nathanson Lecture, The Perelman School of Medicine, The University of Pennsylvania: “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Philadelphia, PA, May 14, 2014.
- The John K. Lattimer Lecture of the American Urological Association, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Orlando, FL, May 18, 2014.
- John F. Enders Lecture, Boston Children’s Hospital, “From Scientific Advances to Public Health Implementation”, Boston, MA, May 28, 2014.
- “Big Idea” Presentation, “Ending the HIV/AIDS Pandemic in 10 Years”, Aspen Ideas Festival, Aspen, CO, June 24, 2014.
- Panel Member, “Global Health Threats” Panel, Aspen Ideas Festival, Aspen, CO, June 25, 2014
- Plenary Lecture, 20th International AIDS Conference, “Critical Challenges in HIV Discovery: Cure and Vaccine”, Melbourne, Australia, July 21, 2014.
- Keynote Speaker, PhRMA Research and Hope Awards, “Ending the HIV/AIDS Pandemic: A Realistic Goal”, Washington, D.C., September 10, 2014.
- Plenary Lecture, HIV Research for Prevention (HIVR4P) Conference, “Comprehensive HIV Prevention: Synergy between Vaccine and Non-Vaccine Modalities”, Cape Town, South Africa, October 28, 2014 (via videocast).
- Keynote Lecturer, 2014 Public Responsibility in Medicine and Research (PRIM&R) AER Conference, “Addressing the HIV/AIDS Pandemic: Ethical Challenges”, Baltimore, MD, December 6, 2014.
- Keynote Speaker, 2015 Annual Scientific Symposium, UCSF Center for AIDS Research, “An HIV Cure: Rationale and Feasibility”, San Francisco, CA, January 13, 2015.
- Inaugural John Ring LaMontagne Memorial Lecture, University of Texas, “The Ebola Outbreak: A Perfect Storm”, Austin, TX, February 9, 2015.

- Keynote Lecture, American Society of Microbiology Biodefense and Emerging Diseases Research Meeting, “The Ebola Outbreak of 2014-2015: A Perfect Storm”, Washington, D.C., February 11, 2015.
- Panel Speaker, Harvard Medical School Ebola Forum 2015: “Ebola: State of the Outbreak and the Response”, Boston, MA, March 5, 2015.
- Invited Interviewee, The Atlantic Health Forum, “Epidemics of the Year”, Washington, D.C., March 18, 2015.
- Keynote Speaker, Keystone Symposia, Joint Meeting on HIV Vaccines and the Golden Anniversary of B Cell Discovery, “Towards an HIV Vaccine: A Scientific Journey”, Banff, Alberta, Canada (via videotape), March 23, 2015.
- Symposium Speaker, 7th International Symposium on Filoviruses, “The Response to the Ebola Outbreak: A View from the NIH”, Washington, DC, March 26, 2015.
- The 2015 Charles C. Shepard Science Awards Lecturer, Centers for Disease Control and Prevention, “Ending the HIV/AIDS Pandemic: From Scientific Advances to Public Health Implementation”, Atlanta, GA, June 18, 2015.
- Plenary Lecture, 8th IAS Conference on HIV Pathogenesis, Treatment & Prevention, "Progress and Challenges in HIV Prevention: Non-Vaccine and Vaccine Approaches", Vancouver, British Columbia, July 20, 2015.
- Plenary Speaker, White House Conference Celebrating the 25th Anniversary of the Ryan White CARE Act, “Celebrating 25 Years of the Ryan White HIV/AIDS Program”, Washington, D.C., September 9, 2015.
- Plenary Speaker, United States Conference on AIDS Annual Meeting, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Washington, D.C., September 10, 2015.
- Special Lecture, Launch of the District of Columbia Center for AIDS Research (CFAR), “Ending the HIV/AIDS Pandemic: An Achievable Goal”, George Washington University Medical Center, Washington, D.C., September 15, 2015.
- Keynote Speaker, DC Appleseed Annual Awards Event, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Washington, D.C., September 16, 2015.
- Keynote Lecture, 10th Anniversary of the Duke Center for HIV/AIDS Vaccine Immunology and Immunogen design (CHAVI-ID), “Ending the HIV/AIDS pandemic: Non-Vaccine and Vaccine Prevention”, Durham, NC, September 24, 2015.
- Keynote Lecture, Annual Meeting of the Institute of Human Virology, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Baltimore, MD, September 29, 2015.
- C.-E.A. Winslow Award Lecture, Yale School of Public Health – “Ending the HIV/AIDS Pandemic: An Achievable Goal”, New Haven, CT, October 23, 2015.
- Keynote Speaker, 2015 National HIV Prevention Conference, “Ending the HIV/AIDS Pandemic: Follow the Science”, Atlanta, GA, Dec. 6, 2015.
- Keynote Speaker, “Beating Hepatitis B and Other Preventable Diseases: A Conversation with Anthony S. Fauci”, 50th Anniversary Celebration by the American Philosophical Society of the 1965 JAMA paper by Baruch Blumberg *et al.* on the discovery of the Australia Antigen, leading to the 1976 Nobel Prize in Medicine or Physiology, Moderated by Mark Thompson, President and CEO of the New York Times Company, Philadelphia, PA, Dec. 10, 2015.
- Invited Lecturer, 1st Annual Leonard A. Herzenberg Memorial Lecture, Stanford University, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Stanford, CA, February 16, 2016.
- Keynote Lecture, The Alexandria Summit, “Ending the HIV/AIDS Pandemic: Follow the Science”, Washington, D.C., February 19, 2016.
- Keynote Speaker, 74th Annual Meeting of the American Academy of Dermatology, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Washington, D.C., March 6, 2016.

- Keynote Speaker, EcoHealth Alliance Seminar, “Zika Virus: A pandemic in progress”, Washington, DC, March 30, 2016.
- The 2016 Canada Gairdner Global Health Awardee Lecture at the 7th Annual Global Health Conference of the Consortium of Universities for Global Health, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, San Francisco, CA, April 10, 2016.
- Plenary Lecture, Annual AAP/ASCI/APSA Joint Meeting, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Chicago, IL, April 15, 2016.
- Keynote Address, Panel on “The End of AIDS as a Global Health Threat: Science-Based or Science Fiction”, United Nations, New York, NY, June 7, 2016.
- Keynote Speaker, Towards an HIV Cure Symposium, 21st International AIDS Symposium – AIDS 2016, “Addressing HIV Persistence: Challenges and Opportunities”, Durban, South Africa, July 16, 2016.
- The International AIDS Society Presidential Award Lecture, “An HIV Vaccine: Mapping Uncharted Territory”, Durban, South Africa, July 19, 2016.
- Keynote Lecture, 2016 National HRSA Ryan White Conference on HIV Care and Treatment, “Ending the HIV/AIDS Pandemic: Follow the Science”, Washington, DC, August 23, 2016.
- Keynote Lecture, Annual Meeting of the American College of Trial Lawyers, “Zika Virus: A Pandemic in Progress”, Philadelphia, PA, September 16, 2016.
- Keynote Address, Inaugural Symposium, National Emerging Infectious Diseases Laboratories (NEIDL) at Boston University, “From AIDS to Zika: The Enduring Challenge of Emerging Infectious Diseases”, Boston, MA, September 18, 2016.
- Keynote Speaker, HIVR4P Partnering for Prevention Meeting, “HIV Prevention and Persistence: A Novel Approach Involving $\alpha 4\beta 7$ ”, Chicago, IL, October 17, 2016.
- Invited Speaker, The Cold Spring Harbor Laboratory Symposium, HIV/AIDS Research: Its History & Future, “35 Years of HIV/AIDS: Science and Policy”, Cold Spring Harbor, New York, October 14, 2016.
- Keynote Address, HIV Glasgow 2016 - HIV Drug Therapy Symposium, The Joep Lange and Jacqueline van Tongeren Memorial Lecture, “Ending the HIV/AIDS Pandemic: Follow the Science Glasgow, Scotland, UK, October 23, 2016.
- 2016 John Dirks Canada Gairdner Global Health Award Lecture, “Global Health Science and Policy: A Personal Journey”, Toronto, Ontario, October 27, 2016.
- Opening Plenary Lecture, 20th Annual National Centers for AIDS Research (CFAR) Scientific Meeting, “Addressing HIV Persistence: A Novel Approach Involving $\alpha 4\beta 7$ Integrin”, Boston, MA, November 3, 2016.
- The 2016 SIGMA XI Mendel Lecture, Villanova University, “Ending the HIV/AIDS Pandemic: An Achievable Goal”, Villanova, PA, November 11, 2016.
- Keynote Speaker, 2017 ASM Biothreats Conference, “Pandemic Preparedness: Learning from Experience”, Washington, D.C., February 7, 2017.
- AAAAI Foundation and Donald V.M. Leung-JACI Lecture, “Emerging and Re-Emerging Infectious Diseases: A Perpetual Challenge”, Atlanta, GA, March 4, 2017.
- Keynote Lecture, 2017 Annual Meeting of the Association of Schools and Programs of Public Health (ASPPH), “Pandemic Preparedness: Learning from Experience”, Arlington, VA, March 17, 2017.
- Opening Keynote Address, American College of Physicians (ACP), Internal Medicine Meeting 2017, “Emerging Infectious Diseases: From AIDS to Zika”, San Diego, CA, March 30, 2017.
- Keynote Lecture, Annual Public Health Research Day, University of Maryland School of Public Health, “Zika Virus in the Americas: 2015-2017”, College Park, MD, April 6, 2017.
- 16th Annual Horace W. Davenport Lecture, National Conference of the University of Michigan Center for the History of Medicine and the University of Michigan Institute for Healthcare Policy and

- Innovation, “Emerging and Re-emerging Infectious Diseases: From AIDS to Zika”, Ann Arbor, Michigan, April 7, 2017.
- Keynote Speaker, Center for Health Policy and Law, Northeastern University School of Law, Conference on *Between Complacency and Panic: Legal, Ethical and Policy Responses to Emerging Infectious Diseases*, “From AIDS to Zika: The Perpetual Challenge of Emerging Infectious Diseases,” Boston, MA, April 14, 2017.
- Keynote Lecturer, 7th Annual Research & Education Week, Children’s National Medical Center, “Zika Virus: One Year Later,” Washington, DC, April 24, 2017.
- Plenary Panel Speaker, 8th Annual Consortium of Universities for Global Health (CUGH) Conference, “How Can NIH help Advance Global Health Research in a Changing World?”, Washington, DC, April 8, 2017.
- Plenary Speaker, 8th Annual Consortium of Universities for Global Health (CUGH) Conference, “Emerging and Re-Emerging Infectious Diseases: Learning from Experience”, Washington, DC, April 9, 2017.
- Keynote Lecture, 2017 Annual Meeting of the American Thoracic Society, “From AIDS to Zika: The Perpetual Challenge of Emerging Infectious Diseases”, Washington, DC, May 21, 2017.
- Keynote Lecture, Inaugural Einstein-Rockefeller-CUNY CFAR Research Symposium, “Ending the HIV/AIDS Pandemic: Follow the Science”, Bronx, NY, June 19, 2017.
- Panel Discussant, Aspen Ideas Festival, Spotlight Health, “Preventing Pandemics”, Aspen, CO, June 23, 2017.
- Panel Discussant, Aspen Ideas Festival, Spotlight Health, “A World Without AIDS”, Aspen, CO, June 24, 2017.
- Special Satellite Lecture, 9th International AIDS Society (IAS) Conference on HIV Science (IAS 2017), “An HIV Vaccine: Can We End the HIV Pandemic Without One and, If Not, How Do We Get One?”, Paris, France, July 23, 2017.
- Special Lecture, 9th International AIDS Society (IAS) Conference on HIV Science (IAS 2017), “Sustained ART-free HIV Remission: Opportunities and Obstacles”, Paris, France, July 24, 2017.
- Plenary Lecture, U.S. Conference on AIDS, “Ending the HIV/AIDS Pandemic: Individual and Global Considerations”, Washington, D.C., September 9, 2017.
- Panelist, “Superbugs”, This Week with Charlie Rose, Aspen, CO, September 16, 2017.
- Plenary Speaker, Annual Meeting of the American College of Epidemiology, “Emerging and re-Emerging Infectious Diseases: From AIDS to Zika”, New Orleans, LA, September 25, 2017.
- Panel Speaker, Washington Ideas Festival, Washington, DC, September 27, 2017.
- Plenary Lecture, Cell Symposium on Emerging and Re-Emerging Viruses, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, Arlington, VA, October 1, 2017.
- Plenary Lecture, Annual Grand Challenges Meeting, “The Challenge of Pandemic Preparedness”, Washington, DC, October 2, 2017.
- Special Opening Plenary Session Speaker: Evolution and Revolution: Infectious Disease Promise and Challenges in the 21st Century, “The Challenge of Pandemic Preparedness”, San Diego, CA, October 4, 2017.
- Plenary Speaker, World Medical Association General Assembly 2017, “Emerging and Re-emerging Infectious Diseases: From AIDS to Zika”, Chicago, IL, October 14, 2017.
- Plenary Lecture, Harvard FUSION Symposium, Harvard Business School, “Antimicrobial Resistance: A Current and Emerging Threat”, Boston, MA, October 17, 2017.
- Plenary Lecture, Annual Meeting of the Korean American Medical Association, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, Washington, DC, October 21, 2017.
- Special Lecture, Annual Meeting of the Institute for Human Virology, “Sustained ART-Free HIV Remission: Obstacles and Opportunities”, Baltimore, MD, October 25, 2017.

- Plenary Lecture, The 15th Biennial Meeting of the Diabetes in Pregnancy Study Group of North America. “Zika Virus: A New Threat in pregnancy”, Washington, D.C., October 26, 2017.
- Keynote Address, 2017 Summit of the Virginia Academy of Sciences, Medicine and Engineering, “Emerging Infectious Diseases: Learning from the Past, Preparing for the Future”, Washington, DC, October 30, 2017.
- Plenary Lecture, 2017 National CFAR Scientific Symposium, “Can we End the HIV/AIDS Pandemic without an HIV Vaccine?”, Washington, DC, November 2, 2017.
- Opening Plenary Lecture, 2017 Annual Meeting of the American College of Rheumatology and the Association of Rheumatology Health Professionals, “Emerging and Re-Emerging Infectious Diseases: from AIDS to Zika”, San Diego, CA, November 4, 2017.
- Plenary Lecture, 66th Annual Meeting of the American Society of Tropical Medicine and Hygiene, “Ending the HIV/AIDS Pandemic: A Feasible Goal”, Baltimore, MD, November 9, 2017.
- Plenary Speaker, Smithsonian/Johns Hopkins Bloomberg School of Public Health Symposium, The Next Pandemic, “Pandemic Influenza: Preparing for the Future”, Washington, DC, November 13, 2017.
- Plenary Speaker, First WHO Global Ministerial Conference, *Ending TB in the Sustainable Development Era: A Multisectoral Response*, “Progress and Priorities in TB research”, Moscow, Russian Federation, November 17, 2017.
- Panel Member, World AIDS Day Commemoration, Department of State, Washington, DC Nov. 30, 2017.
- Panel Member, Natural History on the Big Screen Series, “How to Survive a Plague”, Smithsonian National Museum of Natural History, Washington, DC, Nov. 30, 2017.
- Opening Plenary Lecture, 8th Annual International HIV Persistence During Therapy Workshop, “Sustained ART-Free HIV Remission: Obstacles and Opportunities”, Miami, FL, December 12, 2017.
- 14th Annual Marlene and Stewart Greenebaum Lectureship, Institute of Human Virology, “Emerging and Re-Emerging Infectious Diseases: A Perpetual Challenge”, Baltimore, MD, April 24, 2018.
- Keynote Address, 34th American Society for Microbiology Clinical Virology Symposium, “Universal Influenza Vaccine: Challenges and Opportunities” Palm Beach, FL, May 6, 2018.
- AOA Lecture, Weill Cornell Medical College, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, New York, NY, May 14, 2018.
- Panel Member, The Wall Street Journal Health Forum, “Gone Viral? Tracking Epidemics”, Washington, DC, May 22, 2018.
- Keynote Speaker, Milken Institute School of Public Health, George Washington University Arbovirus Groups of Experts Meeting, “Arboviruses in the Americas: Emerging and Re-Emerging Threats”, Washington, DC, June 5, 2018.
- Panel Member, Screening of Bending the Arc, National Academy of Medicine, Washington, DC, June 5, 2018.
- Panel Member, PEPFAR 15th Anniversary Tribute, U.S. Global leadership Coalition, 2018 State Leaders Summit: Global Changes, Local Impact, Washington, DC, June 18, 2018.
- Symposium Speaker, Center for Biologics Evaluation Research (CBER) Science Symposium, Food and Drug Administration, “Pandemic Preparedness: Challenges and Opportunities”, Silver Spring, MD, June 25, 2018.
- Opening Lecture, U = U Symposium, 2018 International AIDS Society Meeting, “U = U: Science and Policy” Amsterdam, The Netherlands, July 22, 2018.
- Special Lecture, 2018 International AIDS Society Meeting, Johnson & Johnson Symposium – Biomedical Research Innovations in the Prevention, Remission and Cure of HIV/AIDS, “30 Years of Progress in the Field of HIV/AIDS: Science and Policy”, Amsterdam, The Netherlands, July 23, 2018.

- Keynote Lecture, 2018 International AIDS Society Meeting, “Durable Control of HIV Infection in the Absence of Antiretroviral Therapy: Opportunities and Obstacles”, Amsterdam, The Netherlands, July 25, 2018.
- Keynote Lecturer, Strategies for an HIV Cure Symposium, “Durable Control of HIV Infection in the Absence of Antiretroviral Therapy: Opportunities and Obstacles”, Bethesda, MD, October 10, 2018.
- Keynote Lecturer, 2018 Annual Meeting of NASTAD, “Ending the HIV/AIDS Pandemic: Follow the Science”, Baltimore, MD, October 11, 2018.
- Opening Plenary Lecture, HIVR4P Meeting, “Ending the HIV/AIDS Pandemic: The Critical Role of HIV Prevention Science”, Madrid, Spain, October 22, 2018.
- Panelist, 15th Anniversary Event for Columbia University Mailman School of Public Health ICAP Program, New York City, October 30, 2018.
- Opening Plenary Lecture, 2018 Annual Centers for AIDS Research (CFAR) Meeting, “Ending the HIV/AIDS Pandemic: The Critical Role of HIV Prevention Science”, Atlanta, GA, November 8, 2018.
- National Academy of Medicine Panel Discussant, Global Progress to Prepare for the Next Influenza Pandemic, “Pathway to a Universal Influenza Vaccine”, Washington, DC, November 26, 2018.
- Keynote Lecture, Annual Meeting, Association of Military Surgeons of the United States (AMSUS), “Emerging and Re-emerging Infectious Diseases: From AIDS to Zika”, National Harbor, MD, November 27, 2018.
- Panel Discussant, Symposium on Global Health Equity: Envisioning the Future, Morehouse School of Medicine, “Global Health: Lessons Learned from the HIV/AIDS Experience”, Atlanta, GA, November 28, 2018.
- Plenary Lecture, 2018 National Ryan White Conference on HIV Care & Treatment, “Ending the HIV/AIDS Pandemic: Follow the Science”, National Harbor, Oxon Hill, MD, December 11, 2018.
- Keynote Lecture, National Academy of Sciences Symposium *Innovate for Collective Impact to End Malaria*, “Ending Malaria: The Role of Biomedical Research”, Washington, DC, January 11, 2019.
- Keynote Lecture, 2019 Miami Winter Symposium on Evolving Concepts in HIV and Emerging Viral Infections, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, Miami, FL, January 29, 2019.
- Keynote Lecture, 2019 ASM Biothreats Symposium, “Chasing Influenza: The Need for a Universal Influenza vaccine”, Arlington, VA, January 31, 2019.
- Symposium Speaker, Annual American Association for the Advancement of Science (AAAS) Meeting, “Chasing Influenza: The Need for a Universal Influenza Vaccine”, Washington, DC, February 16, 2019.
- The John Morgan Lectureship, University of Pennsylvania Perelman School of Medicine, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, Philadelphia, PA, February 22, 2019.
- Special Lecture, Opening Session, 2019 CROI Meeting, “Ending the HIV Epidemic: A Plan for the United States”, Seattle, WA, March 4, 2019.
- Plenary Lecture, 2019 National HIV Prevention Conference, “Ending the HIV Pandemic: From Science to Implementation”, Atlanta, GA, March 18, 2019.
- Plenary Speaker, 2019 National Conference on Social Work and HIV/AIDS, “Ending the HIV Epidemic: A Plan for the United States”, Washington, DC, May 23, 2019.
- Special Lecture, 2019 International AIDS Society Meeting, “Achieving HIV Control,” Mexico City, Mexico, July 22, 2019.
- Plenary Lecture, 2019 International AIDS Society Meeting, “HIV in 2019: Optimizing the Treatment and Prevention Toolkits,” Mexico City, Mexico, July 22, 2019.
- Closing Plenary Lecture, Annual ID Week Meeting, “Vaccines for Emerging Infectious Diseases Threats: From Science to Implementation,” Washington, DC, October 6, 2019.

- Plenary Speaker, Symposium on 15+ Years of PEPFAR: How US action on HIV/AIDS has changed global health, “The Birth of PEPFAR,” Cambridge, MA, October 7, 2019.
- Keynote Lecture, Scientific Symposium, 6th Replenishment of Global Fund for AIDS, Tuberculosis and Malaria, “Ending the HIV Pandemic: Optimizing the HIV Prevention and Treatment Toolkits,” Lyon, France, October 9, 2019.
- Keynote Speaker, 2019 National CFAR Scientific Symposium, “Ending the HIV Pandemic: From Science to Implementation”, Chapel Hill, NC, November 7, 2019.
- Keynote Speaker, 12th Netherlands Conference on HIV Pathogenesis, Epidemiology, Prevention and Treatment, “Ending the HIV Pandemic: Optimizing the HIV Treatment and Prevention Toolkits “, Amsterdam, The Netherlands, November 13, 2019.
- Keynote Speaker, The Anatomy Lesson Lecture, “Emerging and Re-Emerging Infectious Diseases: From AIDS to Zika”, Royal Concertgebouw, Amsterdam, The Netherlands, November 14, 2019.
- Keynote Lecture, Johns Hopkins Center for AIDS Research (CFAR) Symposium on A Conversation with the Architects of the Proposed 10-Year Federal Initiative to End the U.S. HIV Epidemic, “Ending the HIV Pandemic: From Science to Implementation”, Baltimore, MD, November 22, 2019.
- Panel Speaker, World AIDS Day Panel and Reception, National Academy of Medicine, Washington, DC, November 25, 2019.
- 2020 Annual David Murdock Lecture of the Mayo Clinic and the Karolinska Institutet, September 10, 2020 (Virtual).
- Panelist, 2020 Congressional Hispanic Caucus Institute Leadership Conference: “Global Pandemics: Innovations for Early Detection and a Coordinated Response”, September 16, 2020 (Virtual).
- Panelist, CEO Global Perspectives Series Webcast (Oxford, UK) with Michael Earl (Moderator) and Sir John Bell (co-panelist), September 17, 2020 (Virtual).
- Keynote Address, Children’s National Hospital – NIAID Virtual Symposium, “COVID-19: Public Health and Scientific Challenges”, September 29, 2020 (Virtual).
- Opening Plenary Lecture, IDWeek 2020, “COVID-19: Public Health and Scientific Challenges,” October 21, 2020 (Virtual).
- 2020 Hayden-Farr Lectureship, University of Virginia School of Medicine, November 18, 2020 (Virtual).
- The 2021 John Harvey Lecture of Georgetown University (Virtual).
- Inaugural David Cooper Lecture (Fireside Chat) – University of South Wales, Australia, April 12, 2021(Virtual).
- 31st Shattuck Lecturer, Massachusetts Medical Society/New England Journal of Medicine, “COVID-(in 2021: Lessons Learned and Remaining Challenges”, June 3, 2021(Virtual).
- 2021 Pumphandle Lecture of the John Snow Society of the United Kingdom (London) (Virtual), September 8, 2021.
- 2021 Beatty Lecture of McGill University, “COVID-19: Lessons Leaned and Remaining Challenges”, October 1, 2021, Montreal, Quebec, Canada (Virtual).
- 2021 Garland Lecture of the Boston Medical Library, Boston, MA (virtual – Fireside Chat) – October 21, 2021.
- 2021William C. Stubing Memorial Lecture (Together with Dr. Christine Grady), The Greenwall Foundation (New York, NY – Virtual), November 1, 2021.
- 2021 BLACKFAN Lecture of Boston Children’s Hospital, “COVID-19 in 2021: Lessons Learned and Remaining Challenges”, Boston, MA (virtual), November 3, 2021.
- 173rd Cutter Lecturer on Preventive Medicine at the Harvard T.H. Chan School of Public Health, Department of Epidemiology, “COVID-19: Lessons Learned and Remaining Challenges” (virtual), December 10, 2021.
- 2022 David Packard Lecture of the Uniformed Services University, “COVID-19: Progress and Priorities in the 3rd Year of a Historic Pandemic”, Bethesda, MD, April 11, 2022.

- Plenary Speaker, Joint NIAID-Fiocruz Symposium on Emerging and Persistent Global Health Threats, “Covid-19: Lessons Learned and Remaining Challenges”, Rio de Janeiro, Brazil (virtual), April 24, 2022.
- Plenary Lecture in Special Session of International AIDS Society (IAS) Meeting, “HIV in 2022 and Beyond: A View from NIAID”, Montreal, Canada, July 31, 2022.
- Keynote Speaker, 30th Conference on Retroviruses and Opportunistic Infections (CROI) Meeting, “CROI: A 30 Year Chronical of HIV/AIDS Research Progress”, Seattle, WA, February 19, 2023.
- The Maloy Distinguished Lecture in Global Health sponsored by the Georgetown University Science, Technology and International Affairs Program and the School of Foreign Service, “Pandemic Preparedness and Response: Lessons from COVID-19,” Washington, DC, March 27, 2023.
- Invited Presenter, Presidential Speaker Series (the Madison Vision Series), Town Hall with CNN’s Jim Acosta, James Madison University, Harrisonburg, VA, April 2, 2023.
- 14th Annual Richard and Janet Southby Distinguished Lectureship in Comparative Health Policy, George Washington University School of Public Health, “Pandemic Preparedness and Response: Lessons from COVID-19”, Washington, DC, April 5, 2023.
- Plenary Lecturer, 2023 Annual Meeting of the Consortium of Universities for GLOBAL Health (CUGH), “Pandemic Prevention, Preparedness, and Response: Lessons from COVID-19, Washington, DC, April 14, 2023.
- 20th Annual Miller Lecture, Johns Hopkins Bayview Medical Center, “Emerging and Re-emerging Infectious Diseases: Experiences Over Seven Presidential Administrations”, Baltimore, MD, May 2, 2023.
- Keynote Lecture, Immunology 2023, Annual Meeting of the American Association of Immunologists (AAI), “Pandemic Preparedness and Response: Lessons from COVID-19”, Washington, DC, May 12, 2023.

Commencement Addresses:

- The Mount Sinai School of Medicine, "Science and Medicine, “Opportunities and Responsibilities,” New York, NY, May 19, 1989
- The Johns Hopkins School of Medicine, "Science and the Practice of Medicine in a Changing World," Baltimore, MD, May 25, 1989
- The University of Michigan Medical School, "The Physician and Biomedical Scientist in a Changing World," Ann Arbor, MI, June 2, 1989
- The Graduate School and School of Medicine of Hahnemann University, "Science and Medicine: Opportunities and Responsibilities," Philadelphia, PA, June 1, 1990
- Harvard Medical School, "Science and Medicine: Opportunities and Responsibilities," Boston, MA, June 7, 1990
- The University of Texas Southwestern Medical Center at Dallas, "Science and Medicine: Tradition and Evolution," Dallas, TX, June 1, 1991
- Arnold and Marie Schwartz College of Pharmacy and Health Sciences, Long Island University, "The Pharmacist: A Critical Link in the Health Care Delivery Chain of the 1990s and Beyond," Brooklyn, NY, June 7, 1992
- Medical College of Wisconsin, "Science and Medicine: Tradition and a New Era," Milwaukee, WI, May 15, 1993
- Bard College, "You Cannot Predict, But You Can Prepare," Annandale-on-Hudson, NY, May 29, 1993
- Stanford University School of Medicine, "Science and Medicine: A New

- Era," Palo Alto, CA, June 13, 1993
- University of Connecticut Health Center, "Science and Medicine in a Rapidly Changing Era," Farmington, CT, May 26, 1994
- Regis High School, New York, NY, June 3, 1995
- Medical College of Pennsylvania and Hahnemann University, "Science and Medicine: The Winds of Change," Philadelphia, PA, May 31, 1996
- Wake Forest University, Bowman Gray Campus, "Science and Medicine: Unparalleled Opportunities", Winston-Salem, NC, May 17, 1998.
- Fontbonne College, "Privilege Means Responsibility", St. Louis, MO, May 15, 1999.
- University of Rochester School of Medicine, "Science and Medicine in the New Millennium: Tradition and Change", Rochester, NY, May 23, 1999.
- Shippensburg University, "Privilege and Responsibility in the New Millenium", Shippensburg, PA, Dec. 18, 1999.
- New York Medical College, "Science and Medicine in the New Millennium: Change Amid Tradition", Carnegie Hall, New York, NY, May 19, 2000.
- The Johns Hopkins School of Hygiene and Public Health, "The AIDS Paradigm: Lessons for Global Health in the 21st Century", Baltimore, MD, May 24, 2000.
- Emory University School of Medicine, "Science and Medicine in the New Millennium: The World is Your Stage", Atlanta, GA, May 14, 2001.
- University of Pennsylvania School of Medicine, "The Field of Medicine in the Age of Globalism", Philadelphia, PA, May 12, 2002.
- University of Alabama at Birmingham School of Medicine, "Medicine and Discovery: An Ever-Changing Landscape", Birmingham, AL, May 19, 2002.
- Baylor University College of Medicine, "The Field of Medicine: A Changing Landscape", Houston, TX, May 21, 2002.
- Mailman School of Public Health of Columbia University, "Global Health: The Key to Economic and Political Stability", New York, NY, May 22, 2002.
- Xavier High School, "The Face of America" at St. Patrick's Cathedral, New York, NY, June 7, 2002.
- Emory University, "Lessons Learned: Some Personal Reflections", Atlanta, GA, May 12, 2003.
- Albany Medical College, "The Field of Medicine: An Ever-Changing Landscape", Saratoga Springs, NY, May 22, 2003.
- University of Maryland Professional Schools, "Perpetual Students", Baltimore, MD, May 23, 2003.
- The State University of New York at Downstate Medical Center, "The Field of Medicine: An Ever-Changing Landscape", Carnegie Hall, New York, NY, May 28, 2003.
- Lewis and Clark College, "Everything Changes, But Nothing Changes", Portland, OR, May 9, 2004.
- Case Western Reserve School of Medicine, "The Field of Medicine: An Ever-Evolving Landscape", Cleveland, OH, May 16, 2004.
- Mayo Medical School and Mayo Graduate School, "The Field of Medicine: Changes and Constants", Rochester, MN, May 22, 2004.
- Georgetown University Medical School, "The Field of Medicine: An Ever-Evolving Landscape", Washington, DC, May 23, 2004.
- University of Medicine and Dentistry of New Jersey, "The Fields of Medicine and Dentistry: Ever-Evolving Landscapes", Holmdel, NJ, May 25, 2005.
- Loyola University College of Arts and Sciences, "The Scientist as Perpetual Student", Chicago, IL, May 19, 2006.
- Eberly College of Science, Pennsylvania State University, "The Scientist as Perpetual Student," University Park, PA, May 19, 2007.

University of Massachusetts School of Medicine, Graduate School of Biomedical Sciences and Graduate School of Nursing, "Ever-Changing Landscapes and the Perpetual Student", Worcester, MA, June 1, 2008.

University of Maryland School of Medicine, "The Perpetual Student and the Changing Landscapes of Medicine", Baltimore, MD, May 15, 2009.

Temple University School of Medicine, "The Perpetual Student and the Changing Landscapes of Medicine", Philadelphia, PA, May 22, 2009.

Albert Einstein College of Medicine, "The Perpetual Student in the Ever-Evolving Field of Medicine," Lincoln Center, New York, NY, June 1, 2011.

University of Miami Miller School of Medicine, "The Perpetual Student in the Ever-Evolving Field of Medicine," Miami, FL, May 12, 2012

Brooklyn College "The Perpetual Student," Brooklyn, NY, May 31, 2012

Johns Hopkins School of Medicine, "The Perpetual Student in the Ever-Evolving Field of Medicine", Baltimore, MD, May 22, 2014.

The Ohio State University, May 8, 2016

Yale University School of Medicine, "The Field of Medicine: An Unfinished Mosaic of Learning", New Haven, CT, May 23, 2016

Boston University School of Medicine, "Medicine and the Biomedical Sciences: An Unfinished Mosaic of Learning", Boston, MA, May 18, 2017.

American University, College of Arts and Sciences, Washington, DC, May 13, 2018

Pennsylvania State College of Medicine, "Medicine and Science: Something Old and Something New", Hershey, PA, May 18, 2019

Commencement Address, Vanderbilt University, Nashville, TN (Virtually), May 15, 2021

Commencement Address, University of North Carolina, Chapel Hill, NC (virtually), May 16, 2021

Commencement Address, Emory University College of Arts and Sciences (Virtually), May 16, 2021

Commencement Address, The Yale School of Public Health, New Haven, CT (Virtually), May 24, 2021

Commencement Address, New York University School of Global Public Health (Virtually), May 20, 2021

Commencement Address, Rensselaer Polytechnic Institute (Virtually), May 22, 2021

Commencement Address, Mayo Clinic College of Medicine & Science, September 11, 2021

Commencement Address, University of Michigan (belated class of 2020), Ann Arbor, Michigan, May 7, 2022

Commencement Address, University of Maryland, Baltimore, May 19, 2022

Commencement Address, Roger Williams University, May 20, 2022

Class Day Commencement Address, Princeton University, May 23, 2022

Commencement Address, The City College of New York, June 3, 2022

Commencement Address, The Rockefeller University, June 9, 2022

Commencement Address, Michigan State University, May 5, 2023

Commencement Address, Washington University School of Medicine, May 15, 2023

Commencement Address, Yale University School of Medicine, New Haven, CT, May 22, 2023

Honorary Doctoral Degrees:

Doctor of Science, *Honoris Causa*, College of the Holy Cross, Worcester, MA, May 29, 1987

Doctor of Science, *Honoris Causa*, Mount Sinai School of Medicine, New York, NY, May 18, 1990

Doctor of Science, *Honoris Causa*, Neumann College, Aston, PA, May 19, 1990

Doctor of Science, *Honoris Causa*, Georgetown University School of Medicine, Washington, DC, May

26, 1990

- Doctor of Science, *Honoris Causa*, Hahnemann University Graduate School and School of Medicine, Philadelphia, PA, June 1, 1990
- Doctor of Medicine and Surgery, *Honoris Causa*, Universita di Roma, "La Sapienza," Rome, Italy, 1990
- Doctor of Science, *Honoris Causa*, St. John's University, Jamaica, NY, May 19, 1991
- Doctor of Science, *Honoris Causa*, Long Island University - Arnold and Marie Schwartz College of Pharmacy and Health Sciences, Brooklyn, NY, June 7, 1992
- Doctor of Science, *Honoris Causa*, Medical College of Wisconsin, Milwaukee, May 15, 1993
- Doctor of Science, *Honoris Causa*, Bard College, May 29, 1993
- Doctor of Science, *Honoris Causa*, Bates College, May 31, 1993
- Doctor of Science, *Honoris Causa*, The University of Connecticut Health Center, Farmington, May 16, 1994
- Doctor of Science, *Honoris Causa*, State University of New York at Farmingdale, May 19, 1994
- Doctor of Science, *Honoris Causa*, Duke University, May 14, 1995
- Doctor of Science, *Honoris Causa*, Colgate University, May 19, 1996
- Doctor of Science, *Honoris Causa*, Medical College of Pennsylvania and Hahnemann University, May 31, 1996
- Doctor of Science, *Honoris Causa*, Northwestern University, June 20, 1997
- Doctor of Science, *Honoris Causa*, Wake Forest University, May 18, 1998
- Doctor of Humane Letters, *Honoris Causa*, Fontbonne College, St. Louis, MO, May 15, 1999
- Doctor of Science, *Honoris Causa*, University of Rochester, May 23, 1999
- Doctor of Public Service, *Honoris Causa*, Shippensburg University, Dec. 18, 1999
- Doctor of Science, *Honoris Causa*, New York Medical College, 2000
- Doctor of Letters in Medicine, *Honoris Causa*, Baylor College of Medicine, May 21, 2002
- Doctor of Science, *Honoris Causa*, Princeton University, June 4, 2002
- Doctor of Science, *Honoris Causa*, Emory University, Atlanta, GA, May 12, 2003
- Doctor of Science, *Honoris Causa*, Albany Medical College, Albany, NY, May 22, 2003
- Doctor of Public Service, *Honoris Causa*, University of Maryland, May 23, 2003
- Doctor of Medical Sciences, *Honoris Causa*, Yale University, New Haven, CT, May 26, 2003
- Doctor of Humane Letters, *Honoris Causa*, Lewis and Clark College, Portland, OR, May 9, 2004
- Doctor of Science, *Honoris Causa*, University of Medicine and Dentistry of New Jersey, Newark, NJ, May 25, 2005
- Doctor of Humane Letters, *Honoris Causa*, Loyola University, Chicago, IL, May 19, 2006
- Doctor of Science, *Honoris Causa*, Pennsylvania State University, University Park, PA, May 19, 2007
- Doctor of Science, *Honoris Causa*, University of Massachusetts (Worcester), June 1, 2008
- Doctor of Science, *Honoris Causa*, University of Athens School of Medicine, June 24, 2008
- Doctor of Science, *Honoris Causa*, Harvard University, Cambridge, MA, June 7, 2009
- Doctor of Humane Letters, *Honoris Causa*, Siena College, Loudonville, NY, May 15, 2011
- Doctor of Science, *Honoris Causa*, University of Miami, Coral Gables, FL, May 12, 2012
- Doctor of Science, *Honoris Causa*, Brooklyn College, Brooklyn, NY, May 31, 2012
- Doctor of Laws, *Honoris Causa*, Wayne State University, Detroit, MI, May 7, 2015
- Doctor of Public Service, *Honoris Causa*, George Washington University, Washington, D.C. May 17, 2015
- Doctor of Science, *Honoris Causa*, Columbia University, New York, NY, May 20, 2015
- Doctor of Humane Letters, *Honoris Causa*, The Johns Hopkins University, Baltimore, MD, May 21, 2015
- Doctor of Humane Letters, *Honoris Causa*, The Ohio State University, Columbus, OH, May 8, 2016
- Doctor of Science, *Honoris Causa*, College of Arts and Sciences, American University, May 13, 2018
- Doctor of Science, *Honoris Causa*, Boston University, Boston, MA, May 20, 2018

Doctor of Science, *Honoris Causa*, University of North Carolina at Chapel Hill, May 14, 2021
 Doctor of Science *Honoris Causa*, Rensselaer Polytechnic Institute, May 22, 2021
 Doctor of Humane Letters, *Honoris Causa*, Charles R. Drew University of Medicine and Sciences, June 7, 2021
 Doctor of Science, *Honoris Causa*, Bowdoin College, May 29, 2021
 Doctor of Medical Science, *Honoris Causa* – Mayo Clinic College of Medicine & Science, September 11, 2021
 Doctor of Science, *Honoris Causa*, William and Mary College, October 2021
 Doctor of Science, *Honoris Causa*, McGill University, Montreal, Quebec, Canada (virtual), October 1, 2021
 Il Dottorato di Ricerca, *Honoris Causa*, Sapienza Università di Roma, Jan. 13, 2022
 Doctor of Science, *Honoris Causa*, University of Michigan, May 7, 2022
 Doctor of Public Service, *Honoris Causa*, University of Maryland, Baltimore, May 19, 2022
 Doctor of Science, *Honoris Causa*, Roger Williams University, May 20, 2022
 Doctor of Science, *Honoris Causa*, The City College of New York, June 3, 2022
 Doctor of Science, *Honoris Causa*, The Rockefeller University, June 9, 2022
 Doctor of Humanities, *Honoris Causa*, Michigan State University, May 5, 2023
 Doctor of Science, *Honoris Causa*, Washington University School of Medicine, May 15, 2023
 Doctor of Science, *Honoris Causa*, Uniformed University of the Health Sciences, May 20, 2023
 Dottore in Medicina e Chirurgia, *Honoris Causa*, Università di Siena, June 17, 2023

Awards and Honors:

Kileen Prize for Excellence in Chemistry (College of the Holy Cross), 1962
 Alpha Omega Alpha (Cornell University Medical College), 1965
 John Metcalfe Polk Prize for General Efficiency (Cornell University Medical College). 1966
 Alfred Mortitz Michaelis Prize for Efficiency in General Medicine (Cornell University Medical College), 1966
 U.S. Public Health Service Meritorious Service Award, 1979
 Arthur S. Flemming Award, 1979 - Given to the 10 outstanding employees in the U.S. Federal Government
 Squibb Award of the Infectious Diseases Society of America, 1983
 U.S. Public Health Service Distinguished Service Medal, 1984
 The Robert A. Cooke, M.D. Medal of the American Academy of Allergy, 1984
 Food and Drug Administration Commissioner's Special Citation, 1984
 1985 Citation Classics (Current Contents) for article - A. S. Fauci, D. C. Dale, and J. E. Balow: Glucocorticosteroid therapy: mechanisms of action and clinical considerations. Ann. Intern. Med. 84: 304-315, 1976
 1985 Stanford University Arthritis Center Survey of the American Rheumatism Association membership ranked the work of Dr. Anthony S. Fauci on the treatment of polyarteritis nodosa and Wegener's granulomatosis as one of the most important advances in patient management in rheumatology over the past 20 years.
 The Clemens von Pirquet Award of Georgetown University Medical Center, 1986
 Member, the Institute of Medicine of the National Academy of Sciences (USA), 1988
 The Kober Lecture Award of the Association of American Physicians, 1988
 Public Health Leader of the Year Award of the Commissioned Officers Association of the U. S. Public Health Service, 1988
 The National Institutes of Health Clinical Center Annual Distinguished Clinical Educator Award, 1988

1988 Citation Classics (Current Contents) for article - A. S. Fauci, B. F. Haynes, P. Katz: The spectrum of vasculitis. Ann. Intern. Med. 89: 660-676, 1978

The Leadership Award of the Columbus Citizens Foundation, Inc., for "Inspired Leadership and Outstanding Achievement in the Field of Medical Research," New York, NY, 1988

American Association for the Advancement of Science/Westinghouse Award for Public Understanding of Science and Technology, 1988

The National Hemophilia Foundation Special Award for Research in AIDS, 1989

The Lee P. Brown National Public Service Award of 1989 presented by the National Academy of Public Administration and the National Society for Public Administration

The Duke University Award for Rheumatologic and Immunologic Research, 1989

The William Beaumont Award of the American Medical Association, 1989

The Academic Excellence Award from Children's Hospital National Medical Center, Washington, DC, 1989

The Surgeon General's Exemplary Service Medal, 1989

The Surgeon General's Medallion, 1989

The 1989 Achievement Award of the American Association of Physicians for Human Rights

The 1989 National Medical Research Award of the National Health Council

The Flame of Hope Award of the Terri Gotthelf Lupus Research Institute, November 1, 1989

The 1989 Maxwell Finland Award in Infectious Disease presented by the National Foundation for Infectious Diseases

The 1989 Helen Hayes Award for Medical Research

The Excellence in Public Service Award of the Committee for the Support of Public Service, May 9, 1990

The 1990 Lifetime Science Award of the Institute for Advanced Studies in Immunology and Aging, Washington, DC

1990 Science Citation Index ranked Dr. Fauci as the eighth most-cited scientist among 1.3 million scientists publishing in the time period 1981-1988

1990 Humanitarian Award of the Human Rights Campaign Fund Federal Club of Houston

The First International Chiron Prize for Biomedical Research awarded by the Scuola Superiore di Oncologia e Scienze B Biomediche (Genoa) and the Scuola Internazionale di Oncologia e Medicina Sperimentale (Rome), 1990

The Fifth Annual Gene Frey Memorial Award for Medicine, The Whitman-Walker Clinic, Washington, DC, November 17, 1990

The 1990 Presidential Award of the New York Academy of Sciences

Fellow, American Academy of Arts and Sciences, 1991

Honorary Fellowship, The New York Academy of Medicine, March 20, 1991

The Award of Courage from the American Foundation for AIDS Research for "extraordinary leadership and personal scientific contributions to AIDS research," December 2, 1991

1991 Institute for Scientific Information Database Analysis indicated that of the more than 1 million scientists in the world who published in the decade 1981-1990, Dr. Fauci was the 2nd most cited (Nature 355: 101, 1992)

Foreign Member, Royal Danish Academy of Sciences and Letters, 1992

Elected to the National Academy of Sciences (USA), 1992

1992 Sidewalks of New York Science Award from the Big Brothers/Big Sisters of New York City, Inc., New York, May 5, 1992

Establishment of the Anthony S. Fauci, M.D. Perpetual Scholarship by the Sons of Italy Foundation, May 14, 1992

The Cornell University Medical College Alumni Award of Distinction, May 27, 1992

Honorary title of "Il Commendatore della Repubblica" conferred by the President of the Republic of Italy (awarded 22 June, 1988 in Rome and presented 2 June, 1992 by the Italian Ambassador to the USA in Washington, DC)

Election to Fellow, American Association for the Advancement of Science

The Thomas H. Ham - Louis R. Wasserman Award of the American Society of Hematology, December 1992

The Department of Health and Human Services Secretary's Certificate of Appreciation for "Outstanding contribution in the implementation of the parallel track initiative of the U.S. Department of Health and Human Services," January 6, 1993

The 1992 Dr. Nathan Davis Award for Outstanding Public Service. Awarded by the American Medical Association to a "Member of the Executive Branch of the Federal Government in Career Public Service"

The Howard University Outstanding Achievement Award, 1993

1993 Citation Classics (Current Contents) for article - H. C. Lane, H. Masur, L. Edgar, G. Whalen, A. H. Rook, and A. S. Fauci: Abnormalities of B-cell activation and immunoregulation in patients with the acquired immunodeficiency syndrome. *N. Engl. J. Med.* 309: 453-458, 1983

The R. E. Dyer Lectureship Award, National Institutes of Health, May 19, 1993

The Humanitarian Award of the Tiro a Segno Foundation, 1993

The Cartwright Prize of Columbia University College of Physicians and Surgeons, New York, NY, November 29, 1993

Commission of Honor Award, State University of New York at Farmingdale, May 19, 1994

The National Italian American Foundation Award for Special Achievement in Medicine and Science, October 29, 1994

Honorary Fellowship Award, American Academy of Allergy and Immunology, 1995

The Richard and Hinda Rosenthal Award of the American College of Physicians, 1995

The Thirty-Eighth Theobald Smith Award of the Albany Medical College, 1995

The Ernst Jung Prize for Medicine, Hamburg, Germany, 1995

The Ellis Island Medal of Honor for Medical Research, 1995

Gold Medal of the Autonomous University of Barcelona, Spain, 1995

Membership in the Royal Academy of Medicine of Barcelona, 1995

Internist of the Year Award of the Catalan Society of Internal Medicine, 1995

The Institute for Scientific Information ranked Dr. Fauci as the fifth most cited scientist in the world over a period 1981-1994 (The Scientist, October 2, 1995)

The Steven C. Beering Award of Indiana University School of Medicine, November 1995

The Lilly Award Lectureship, November 1995

Honorary Fellowship, American Medical Writers Association, 1996

American Bar Association AIDS Coordinating Committee Award, 1996

The Institute for Scientific Information analysis ranked Dr. Fauci the most cited author in AIDS research for 1993-1995 (83 papers and 1402 citations). His 1993 paper in *Nature*, 362: 355-358, was the most cited paper in AIDS research in 1993-1995 (Science Watch, Vol. 7, No. 3, May/June 1996)

The David Rumbough Scientific Award, The Juvenile Diabetes Foundation International, 1996

The National Council for International Health Award for "Promotion of Public Awareness of Emerging Infectious Diseases," 1996

The 1996 DIME Award of the March of Dimes Foundation for "Outstanding Efforts in Health Care"

The Ellen Browning Scripps Medal of the Scripps Foundation for Medicine and Research, 1996

The John Phillips Memorial Award for Achievement in Internal Medicine, the American College of Physicians, 1997

Master of the American College of Physicians, 1997

The 1997 Thomas J. D'Alesandro, Jr. Award of the Associated Italian American Charities

Governor's Citation of the State of Maryland for "invaluable contributions to further the understanding of the AIDS virus," Baltimore, MD, May 31, 1997

The 1997 San Marino Prize for Medicine, Republica San Marino, October 22, 1997

The 1997 John P. McGovern Award of the American Medical Writers Association

The Howard Taylor Ricketts Award, University of Chicago, May 28, 1998

Scientific Leadership Award, The International AIDS Society, 1998

The 1998 American Association of Clinical Chemistry Lectureship Award

The 1999 Timely Topics Award Lecture of the United States and Canadian Academy of Pathology

1999 Physician-in-Chief Pro Tempore, Brigham and Women's Hospital, Boston, MA

1999 Distinguished Graduate Award (Our Lady of Guadalupe Elementary School, Brooklyn, NY) from the Department of Elementary Schools of the National Catholic Education Association

1999 Frank Brown Berry Prize in Federal Medicine

The Institute for Scientific Information ranked Dr. Fauci as the ninth most cited researcher in clinical medicine between 1981 and June 1998 (Science Watch, Vol. 10, No. 3, May/June 1999)

The 1999 International Prize for Scientific Research from the Fondazione PISO, Calgiari, Sardinia-Italy

The 1999 Bristol Award of the Infectious Diseases Society of America

The 1999 Annual Crystal Life Achievement Award of the Black Women's Health Council, Inc.

The 2000 American Association of Immunologists Public Service Award

The Dean's Medal of The Johns Hopkins School of Hygiene and Public Health, 2000

The 1999 Robert J. and Claire Pasarow Foundation Medical Research Award

Lifetime Achievement Award in Medicine and Science, The Italian Medical and Scientific Society of Maryland, September 14, 2000

"Heroes in Medicine" Award from the International Association of Physicians in AIDS Care, 2000

The 2000 Tibor Greenwalt Award of the American Association of Blood Banks

The Research in Action Award of the Treatment Action Group (TAG), December 6, 2000

Special Recognition Award, National Institutes of Health Undergraduate Scholarship Program (UGSP): "For Your Longstanding and Continuous Support of the UGSP," August 9, 2001

Named by Time magazine and CNN as one of "America's Best in Science and Medicine," August 12, 2001

The 2001 Frank Annunzio Award in the Humanitarian Field

The 2001 Basic Science Lecture Award of the American Society of Cytopathology

The Albany Medical Center Prize in Medicine and Biomedical Research, 2002

The 2002 ICAAC Lecture Award

The RAND Haskins Prize Lectureship on Science Policy, "Bioterrorism: A Clear and Present Danger", Santa Monica, CA, Nov. 15, 2002

The 2003 Ellis Island Family Heritage Award for Medical Science

The 2003 Ailanthus Award for "Outstanding Contributions to Science and Medicine" from the State University of New York at Downstate Medical Center

The 2003 Golden Plate Award of the Academy of Achievement

A 2003 analysis by the Institute for Scientific Information indicated that in the twenty year period from 1983 to 2002, Dr. Fauci was the 13th most-cited scientist among the 2.5 to 3 million authors in all disciplines throughout the world. He was the ninth most-cited scientist in the field of immunology in the period from January, 1993 to June 30, 2003.

Named by Scientific American as one of the top 50 Scientific Leaders of 2003

Honored at the Tenth Annual Gala of the New York Academy of Medicine for "Extraordinary accomplishments in the treatment of diseases that have impacted populations worldwide," New York, N.Y., Jan. 28, 2004

The Lifetime Achievement Award of the American Association of Immunologists, 2005
 The Luther Terry Lectureship of the Commissioned Officers Association of the USPHS, 2005
 2005 Scientist of the Year Award from R & D Magazine
 2005 Recognition Award in Global Health from the American Society of Tropical Medicine and Hygiene, Dec. 11, 2005
 2006 AIDS Responsibility Project Leadership Award
 The John Francis Regis Award from Regis High School, New York, NY, May 4, 2006
 Special Citation, American Society for Microbiology, "For Twenty-Five Years of Extraordinary Leadership in the Global Fight Against HIV/AIDS," presented at the 46th ICAAC meeting, San Francisco, CA, Sept. 27, 2006
 The Tenth Annual Julius B. Richmond Award of the Harvard School of Public Health, 2006
 Master of the American College of Rheumatology, 2006
 The 2007 Paul Klemperer Memorial Lectureship Award of the American College of Rheumatology
 Robert Cooke Memorial Lectureship Award at the 2007 Annual Meeting of the American Academy of Allergy, Asthma and Immunology, Feb. 24, 2007
 2007 Kober Medal of the Association of American Physicians
 2005 National Medal of Science presented by President George W. Bush on July 27, 2007
 2007 Mary Woodard Lasker Award for Public Service
 2008 Clinical Research Forum Science Award for "Innovation in the Area of HIV/AIDS Research"
 The 2008 Presidential Medal of Freedom, awarded by President George W. Bush at the White House, June 19, 2008
 2008 Maxwell Finland Award of the Infectious Diseases Society of America
 2008 Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC) Award Lecturer
 The 2008 MediMedia Foundation Public Service Award ("Freddie Award") for Outstanding Contributions to the Field of Infectious Diseases
 2008 VIDA Leadership Award of the National Alliance for Hispanic Health
 Named as one of "Americas Best Leaders 2008 – 24 Leaders Who Are Making a Difference" by U.S. News & World Report and Center for Public Leadership of the John F. Kennedy School of Government, Harvard University
 25 Greatest Public Servants Award of the Council for Excellence in Government, Washington, DC, Dec. 10, 2008
 The 19th Annual Gertrude and Herman Silver Lecture Award of the Children's Hospital of Philadelphia, January 7, 2009
 The Science and Medicine Award at the 15th Annual Steve Chase Humanitarian Awards Gala, Palm Springs, CA, Feb. 21, 2009
 Honorary Membership in the International Association for Dental Research - recognized for commitment to improving the quality of global health, April 1, 2009
 The SUNY Downstate Medical Center Award for "Transforming Lives through HIV/AIDS Research," New York, NY, May 2, 2009
 The Dean's Distinguished Gold Medal for Biomedical Research, The University of Maryland School of Medicine, 2009
 The 2009 Nyumbani Medal for Medical Science
 The 2009 Severo Ochoa Award of the National Minority Quality Forum
 2009 Global Health Leadership Award, Accordia Global Health Foundation
 Named by Forbes Magazine as One of the 7 Most Powerful People in Medicine (#2), 2009
 The John P. McGovern Award Medal for Science, The Cosmos Club, Washington, DC, April 26, 2010
 2010 Joel A. Toubin Award for "Outstanding advocacy on behalf of people living with HIV/AIDS" from the Whitman-Walker Clinic, Washington, DC, May 25, 2010
 2010 Dr. Paul Janssen Award for Biomedical Research

2011 Will Rogers Institute Prize for Outstanding Contributions to Lung Research
 The 2011 C. Everett Koop HIV/AIDS Public Health Leadership Award
 The 2012 Starlight Award from the Children's Inn at the National Institutes of Health
 The 2013 University of California, San Francisco Medal
 2013 Pro Bono Humanum Award of the Galien Foundation, New York, NY
 The 2013 Robert Koch Gold Medal, The Robert Koch Foundation, Berlin, Germany
 The 2013 Prince Mahidol Award in the Field of Medicine
 The 2014 John K. Lattimer Award of the American Urological Association
 The "Heroes in the Struggle" Award from the Black AIDS Institute, Los Angeles, CA, May 20, 2014
 2014 President's Award of the South African Medical Research Council
 Named as a 2014 "Washingtonian of the Year" by Washingtonian Magazine
 Named by *Fortune Magazine* as One of the World's 50 Greatest Leaders, 2015
 Induction into the Washington, D.C. Hall of Fame in the category of Science and Technology, Office of the Historian for Washington, D.C., April 19, 2015
 Selected as #1 on the Medicine Maker Power List for 2015
 Special Recognition Award for Science & Medicine, Sons of Italy Foundation, May 21, 2015
 Named to Modern Healthcare Magazine's List of the 100 Most Influential People in Healthcare, 2015
 The Lifetime Achievement Award of the Institute of Human Virology, Baltimore, MD, September 29, 2015
 Centennial C.E.A. Winslow Medal from the Yale School of Public Health, New Haven, CT, October 23, 2015
 AID for AIDS My Hero Award, New York, NY, November 4, 2015
 2016 John Dirks Canada Gairdner Global Health Award
 The 2016 DaVinci Award of the Italian Heritage and Culture Committee of New York
 2016 Chivalry Award from the American Foundation of Savoy Orders, New York, NY, May 17, 2016
 The Order of Honour from the President of the Country of Georgia, Washington, DC, June 2, 2016
 The 2016 International AIDS Society President's Award
 2016 Gold Medal from the HIV Glasgow Congress for "Outstanding Leadership in the Global Effort to Control HIV & AIDS"
 2016 Mendel Medal, Villanova University, Villanova, PA, November 11, 2016
 2017 Lifetime Achievement Award, Maryland Technology Council, Potomac, MD, March 9, 2017
 2017 Research! America Legacy Award, Washington, DC, March 15, 2017
 2018 Harvey W. Wiley Lecture Award presented by the FDA Alumni Association, May 4, 2018
 2018 Ed Nowakowski Senior Memorial Virology Award of the American Society for Microbiology
 2018 Katharine B. Gebbie Lifetime Achievement Award for Outstanding Federal Service, presented by the Arthur S. Flemming Awards Program
 2018 Leadership Award from the Friends of Cancer
 2018 Visionary Award from the Drugs for Neglected Diseases Initiative (DNDi)
 2019 Lifetime Achievement Award, The Miami Winter Symposium, Miami, FL
 2019 Distinguished Fellow of the American Association of Immunologists
 Inducted into the 2019 Inaugural Class of the Government Executive U.S. Government Hall of Fame
 AIDS United Leadership Award – "For 35 years of leadership of NIAID and heroic advocacy, research and care for the HIV community in the United States," October 2, 2019
 Joint Distinguished Civilian Service Award presented by the Chairman of the Joint Chiefs of Staff, April 23, 2020
 2020 Aspen Institute Citizen Leadership Award
 2020 Italian-American Lawyers Association "Italian Stallion" Award
 2020 Champion of Science Award from the Alliance for Aging Research
 2020 Public Service Award of the Association of Independent Research Institutes

Samuel J. Heyman Service to America Medal (“Sammie Award”) – 2020 Federal Employee of the Year
 2020 Charles A. Sanders, M.D. Partnership Award of the Foundation for the National Institutes of Health
 2020 Esperanza (HOPE) Award of the Latino Commission on AIDS
 2020 Lienhard Award of the National Academy of Medicine
 2020 Distinguished Child Advocate Award from the Children’s Law Center
 2020 Citizen of the Year Award, The Boy Scouts of America
 2020 Arthur Ashe Institute for Urban Health Award
 2020 FBI Agents Association Distinguished Service Award
 National Academy of Medicine Presidential Citation for Exemplary Leadership, October 19, 2020
 2020 “Res Publica” Award from the Republic of Italy
 2020 Leonardo DaVinci Award for Leadership in Health and Science from the National Italian American Foundation
 2020 Bernard J. Tyson Award for Lifetime Achievement from the National Minority Quality Forum
 2020 Keystone Leadership Award of the Keystone Policy Center
 2020 Lifetime Achievement Award of the U.S. Global Leadership Coalition
 2020 William Randolph Hearst Award for Excellence in Professional Journalism from the San Jose State University School of Journalism
 National Recognition Leadership Award from the 2020 World AIDS Day National Convention
 2020 Visionary Award from the Montgomery County Chamber of Commerce
 2020 Eleanor Roosevelt Prize for Global Human Rights Advancement from the American Bar Association Center for Human Rights

Research Interests:

The delineation of the mechanisms of activation, proliferation, and differentiation of human lymphoid cells in the normal immune response as well as in diseases characterized by abnormalities of immune function. These studies range from basic cellular physiology up through and including the molecular biology of lymphoid cell function.

The study of the immunopathogenic mechanisms of human immunodeficiency virus (HIV) infection, together with studies of the clinical, virologic and therapeutic aspects of the acquired immunodeficiency syndrome.
